Global Wires Payments Formatting Requirements Guide

Your Guide to Making Cross-Currency Payments in over 160 Countries with Ease

The J.P. Morgan Global Wires Payments Formatting Requirements Guide is your desktop resource to help you make timely and accurate payments to beneficiaries around the world.

Work with J.P. Morgan to get the global payment support that your business demands

With employees, suppliers and operations located around the globe, ensuring prompt payments in multiple currencies is a challenge. Your business requires a partner who takes the time to understand your needs and helps ensure your payments are processed smoothly.

As one of the top-ranked cash management and payments processors in the world, J.P. Morgan is able to offer the tools that help you manage your day-to-day global operations, along with your more sophisticated foreign exchange needs. We make your priorities ours and recommend the high-quality solutions that meet your unique requirements.

As part of J.P. Morgan's commitment to you, it is our pleasure to provide you with this desktop companion, which provides important, country-specific information to help treasury and accounts payable professionals manage their payments around the world. We look forward to providing you with solutions that help take the complexity out of managing your global cash and payments.

Note

If a capital payment of any description (loan services, capital injection, investment, etc.) or any type of payment that may result in a future repatriation is required, please contact your JP Morgan Chase & Co representative before execution of the transaction. Local regulations may require completion of additional documentation and not all payment types can necessarily be supported.

Setting up your payment

It is best practice to include the below standard information in payment instructions to avoid potential delays or returns:

Ordering/Originating Customer
Account number
Full name (no initials)
Full address
Street address (avoid P.O. Box numbers)
City
State Code
Postal Code
Country code (2 characters)
Beneficiary
Account number
Include the International Bank Account Number (IBAN) or Clave Bancaria Estandarizada (CLABE), if applicable
Full name (no initials)
Full address
Street address (avoid P.O. Box numbers)
City
State Code
Postal Code
Country code (2 characters)
Beneficiary Bank
Full bank name
Address
SWIFT BIC
Some countries may also require additional information (i.e., telephone number, purpose of payment, routing codes, etc.). Failing to provide all required information may result in payment delays or returns.

Cross-Border Payment Requirement

Intermediary banks are often used when a payment is made in a currency that is different from the local currency. When making a payment through an intermediary bank, their SWIFT BIC must be included.

Key Terms

International Bank Account Number (IBAN)

The International Bank Account Number, IBAN, is an internationally agreed standard to identify an individual's account at a financial institution. IBANs should be included for all SEPA payments. SWIFT maintains an IBAN registry (https://www.swift.com/swift-resource/9606/download) that provides details on the IBAN structure. The structure consists of a two-letter ISO country code, followed by two check digits and up to 30 alphanumeric characters for the Basic Bank Account Number (BBAN).

Routing Codes

Some countries require the inclusion of national routing codes to facilitate routing within the country's payment systems. Examples of countries with routing codes are Australia and Canada.

SWIFT BIC

SWIFT BIC is a bank identifier code for members of the SWIFT network. Please note: If a branch BIC is not known, the full name and address should be used.

Host-to-Host Formatting Assistance

For translation assistance between SWIFT and file-based formats, please reference the table at the end of the document.

ISO 20022 (PACS) Formatting Assistance

For translation assistance between SWIFT MT and SWIFT MX formats, please reference the table at the end of the document.

EU Transfer of Funds Regulation Summary

Regulation (EU) 2023/1113, adopted on May 31, 2023, by the European Parliament and the Council, focuses on enhancing transparency and security in financial transactions involving funds and certain crypto-assets. This regulation mandates that detailed information must accompany transfers of funds and crypto-assets to ensure traceability and compliance with anti-money laundering (AML) and counter-terrorism financing (CTF) measures. It amends Directive (EU) 2015/849, which is part of the EU's broader framework to combat financial crimes. The regulation applies to transactions within the European Economic Area (EEA) and aims to align with international standards, ensuring that financial institutions and crypto-asset service providers collect and share necessary information about the originators and beneficiaries of transactions.

ISO Element	Status	Intra EU/EEA:	Payments To/From EU/EEA:	Notes:
Dbtr Field 50A/Field 50F (Debtor)	Mandatory	Include the Debtor’s name and account number.	For Payments To/From EU/EEA covered by Regulation (EU) 2023/1113: Include complete Debtor information including the account number, name, address including the name of the country and: o In the case of the Debtor being a natural person, the official personal document number and customer identification number, or, alternatively, the Debtor’s date and place of birth; o In the case of a legal entity, subject to the existence of the necessary data element in the relevant payment message format, and where provided by the current LEI of the Debtor or, in its absence, any available equivalent official identifier.	If the Debtor holds their account with J.P. Morgan, J.P. Morgan will (where possible) add the address on record linked to the account number in the first line of your T50A field. If the Sender is also the Debtor, the BIC address in field 50 should match the SWIFT BIC of the Sender. We recommend the use of IBAN (International Bank Account Numbers) where available.
Cdtr Field 59 (No Letter Option)/Field 59A (Creditor)	Mandatory	Must contain name and the account number and identifier code for intra EEA payments or other European Countries/Currencies covered by Regulation (EC) No. 2023/1113, an IBAN account number should be quoted in this field.	For Payments To/From EU/EEA covered by Regulation (EU) 2023/1113: Include complete Creditor information including the account number, name, address including the name of the country and in the case of a legal entity, subject to the existence of the necessary data element in the relevant payment message format, and where provided by the current LEI of the Creditor or, in its absence, any available equivalent official identifier.	If the Debtor holds their account with J.P. Morgan, J.P. Morgan will (where possible) add the address on record linked to the account number in the first line of your T50A field. If the Sender is also the Debtor, the BIC address in field 50 should match the SWIFT BIC of the Sender. We recommend the use of IBAN (International Bank Account Numbers) where available. IBAN should also be used where required/available in other IBAN countries and currencies. For all other currency payments into the EU/EEA, the use of the IBAN account number in Field 59. For payments destined outside of the EU/EEA an account number, name must be quoted.

Table of Contents

Afghanistan

Angola

AOA - Angolan Kwanza

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Country Requirements/Restrictions

Additional Documentation: Additional supporting documentation may be required from the beneficiary.

Payment Formatting Rules for AOA

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxAOxx or xxxxAOxxxxx.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Account numbers must be formatted according to the below specifications.

Country Code	AO
Length	25!c
Format	AO + 2 characters + 21 digits

Reason for Payment: Purpose of payment is required. All AOA payments must include a 6-character purpose of payment code along with a Beneficiary taxpayer number (NIF number, 10 characters for corporates and 14 characters for individuals). This information can now be formatted in either Field 70 or Field 72 and can follow one of the below formats. Please ensure that your MT103 only contains one of these formats:

Format 1: /POP/XXX.XX/NIF/XXXXXXXXXX or

Format 2: /BENEFRES/AO/XXX.XX/XXXXXXXXXX with XXX.XX denoting the relevant purpose of payment code and XXXXXXXXXX denoting the NIF (Taxpayer number).

Anguilla

XCD - East Caribbean Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.eccb-centralbank.org.

Payment Formatting Rules for XCD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxAIxx or xxxxAIxxxxx.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Reason for Payment: Purpose of payment is recommended.

Antigua and Barbuda

XCD – East Caribbean Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.eccb-centralbank.org.

Payment Formatting Rules for XCD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxAGxx or xxxxAGxxxxx.

Payments to BIC NOSCAGAGXXX will not be processed as it's no longer available.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Reason for Payment: Purpose of payment is recommended.

Additional Information

Payments where the underlying remitter is an MSB or PSP are not supported.

Argentina

ARS – Argentine Peso

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, CBU, 11-digit CUIT tax identification code, beneficiary email address, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bcra.gov.ar.

Country Requirements/Restrictions

Additional Documentation: Additional supporting documentation may be required from the beneficiary stating the reason for payment. The beneficiary must complete all required documentation at their local bank to receive credit into the account.

Payment Formatting Rules for ARS

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include the account number (CBU), full name (no initials), address and tax ID of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

CBU (Clave Bancaria Uniforme) is a unique key comprised of 22 numbers representing the bank ID, branch account number and other details. The CBU is required in all electronic payments in Argentina, and should be entered in the account number field of the payment instructions.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxARxx or xxxxARxxxxx.

Reason for Payment:

Purpose of Payment code and/or reason for payment freeform text is mandatory to prevent delays or rejection.

The beneficiary's 11-digit tax identification code (CUIT - tax ID for corporates/CUIL - tax ID for individuals) is required to avoid payment delays or returns

Additional Information

Payment will be rejected if it does not include complete and correct delivery instructions.

Payments to Judicial accounts (Depositors Judiciales) are not supported.

Armenia

AMD – Armenian Dram

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.cba.am/en.

Country Requirements/Restrictions

Additional Documentation: Beneficiary is required to provide supporting documentation indicating the reason for payment for transactions greater than 20 million AMD.

Payment Formatting Rules for AMD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include bank code (3 digit numeric bank code in front of beneficiary account number), account number, full name (no initials) and address, of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary. Bank codes are required to be added in front of all beneficiary account numbers. AMD Bank Codes (please note this list should be treated as guideline only as it is subject to change. Current Bank Code can be verified by the beneficiary):

- 103 or 900-Central Bank of Armenia
- 115-ArmbusinessBank
- 118-Anelik Bank
- 151-Ararat Bank
- 157-AmeriaBnak
- 160 or 161 -VTB Bank Armenia

- 262-Fast Bank
- 420-Armbrok
- 801-Central Depository of Armenia
- 808-Haypost

(Continued on next page)

Armenia

Continued

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxAMxx or xxxxAMxxxxx.

For payments to Central Bank of Armenia (CBRAAM22XXX), the following information is required:

Residency of the customer (1 for resident ; 2 for nonresident)

Legal status of the customer (11 for commercial organization; 12 for non-profit organization; 21 for individual; 22 for individual entrepreneur)

TIN 10 digits (for Legal entity or Individual Entrepreneur) or Social card (for individual)

Name of the customer

Reason for Payment: Purpose of payment is mandatory. Include the full legal entity type of the beneficiary:

- Use prefix CredID /NP/ for individuals
- Use prefix CredID /LP/ for organizations

Australia

AUD - Australian Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, BSB number, account number and beneficiary bank address).

Central Bank: For additional information, please refer to www.rba.gov.au.

Country Requirements/Restrictions

Payment Restrictions: AUD is a freely traded currency for both onshore and offshore clearing.

Payment Formatting Rules for AUD

Ordering/Originating Customer: Include account number, full name (no initials), and full address of the ordering customer.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Include city, state, country and postal code for the beneficiary customer's address. P.O. Box numbers are not permitted. Failure to provide full beneficiary customer details may result in payment delays.

Beneficiary Bank: Include SWIFT BIC, full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxAUxx or xxxxAUxxxxx.

Additional Information

Australian banks are identified by a 6-digit Bank State Branch (BSB) number where the first two digits specify the bank, the third digit specifies the state, and the last three digits specify the branch (e.g. 112-908). BSB numbers must be included in the beneficiary details (for payments into Australia). Refer to the Australian Payments Clearing Association website (https://bsb.auspaynet.com.au/) for list of current BSBs. If applied, BSB should be referenced in the "Clearing System Member" field for Creditor Agent.

Austria

EUR - Euro

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.oenb.at/en.

Country Requirements/Restrictions

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in Austria.

Payment Formatting Rules for EUR

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds.

Beneficiary: Include account number (IBAN), full name (no initials), and address of the beneficiary customer. Use of initials may delay receipt of funds.

IBAN numbers for beneficiaries with accounts in Austria must be included in the payment instructions.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

There are no specific bank clearing codes in this country for cross-border payments. SWIFT BIC is key to routing payments.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxATxx or xxxxATxxxxx.

Azerbaijan

AZN – Azerbaijani Manat

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Payments to non-resident beneficiaries are classified in 2 categories: taxpayer and non-taxpayer

a) Taxpayer non-resident (having Azerbaijani tax ID) can receive funds from a legal entity abroad showing clear purpose of transfer
b) Non-taxpayer non-resident can only receive `financial aid` from abroad with supporting documents.
c) Non-resident legal entity (taxpayers) can receive funds from abroad only with supporting documents (invoice, contract, other real business papers).

Payment Formatting Rules for AZN

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary Bank: Include beneficiary bank's correspondent AZN account number, beneficiary bank's tax identification number (TIN/VOEN), 6 digit BIK code, SWIFT BIC with branch identifier (where required), full name,

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxAZxx or xxxxAZxxxxx

Beneficiary: Include account number

(IBAN), 10 digit tax identification number (TIN/VOEN) , full name (no initials) and full address of the beneficiary customer . Use of initials may delay receipt of funds by the beneficiary. Tin/VOEN is not required for individual.

IBAN numbers for beneficiaries with accounts Azerbaijan must be included in the payment instructions.

Account # Ex	1234567891237456789912345

Print Format Ex.	AZ98 1234 5678 9123 7456 7891 2345

Reason for Payment: In depth purpose of payment must be provided. If the payment is for charitable purposes, this must be clearly stated, or the beneficiary maybe subject to a tax charge for income received.

Bahamas

BSD – Bahamian Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.centralbankbahamas.com.

Payment Formatting Rules for BSD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxBSxx or xxxxBSxxxxx.

Where the beneficiary bank is "RBC Bahamas", Transit Number is required and should be updated in Field 70 (e.g. TRANSIT NUMBER: XXXXX). The Transit Number (also known as the Branch Code) for RBC (Royal Bank of Canada) in the Bahamas is a unique identifier for each branch. This number is essential for routing payments correctly within the Bahamian banking system.

To find the specific Transit Number for a particular RBC branch in the Bahamas, you would typically need to refer to the bank's official resources or contact the RBC branch directly or confirm with the beneficiary.

Reason for Payment: Purpose of payment is recommended.

Bahrain

BHD – Bahraini Dinar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.cbb.gov.bh.

Payment Formatting Rules for BHD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Bahrain must be included in the payment instructions.

Bangladesh

BDT - Bangladeshi Taka

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bangladesh-bank.org.

Country Requirements/Restrictions

Payment Restrictions: NGOs must register locally and obtain approval before receiving payments for specific projects.

Account Restrictions: Account Restrictions vary.

Non-resident Foreign Currency Deposit (NFCD) accounts may now be maintained at the account holder's desire. Amounts brought in by non-resident Bangladeshis can be deposited in a foreign currency account any time after entering Bangladesh.

Foreign Currency (FC) accounts of non-resident Bangladeshis (opened in the names of Bangladesh nationals or a person of Bangladesh origin working or self-employed abroad) can now be maintained as long as the account holder desires.

Residence Foreign Currency Deposit (RFCD) accounts may be opened in US dollar, euro, pound sterling, or Japanese yen, and may be maintained as long as the account holder desires. Payments may be made into the account with declaration to customs authorities on the FMJ form. A maximum of USD 5,000 may be credited into the account without declaration.

Additional Documentation: Additional supporting documentation such as Form C may be required from the beneficiary stating the reason for payment or providing evidence of the beneficiary's identity. The beneficiary must complete all required documentation requested by their local bank or the correspondent bank to receive credit into the account.

Declaration by their beneficiary on Form C shall not be required for inward remittances up to USD 20,000 equivalent (While Form C is waived for payments below USD 20,000 the onshore correspondent bank or beneficiary bank may sometimes request form C from the beneficiary to evidence the identity of the beneficiary and to confirm the purpose of the payment); BDT payments that are larger than USD 20,000 equivalent will still require the Form C to be submitted by the beneficiary at their bank.

Payment Formatting Rules for BDT

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials), address, and telephone number of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Bangladesh

Continued

Beneficiary Bank: Include SWIFT BIC and 9 digit routing code if available or include full name and full address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxBDxx or xxxxBDxxxxx

Beneficiary bank branch address can also be mentioned in F72 if only Swift BIC is included in field 57. Bene Bank Branch address is optional if the 9 digit bank routing code is provided in field 57.

In case of space limitation in field 57 and 72, Beneficiary Bank Branch address can be mentioned in field 70.

Below formats are acceptable for beneficiary bank details:

Format 1:
57D: Bank Name
Bank address
Bene bank address contd.
Swift code

Format 2:
57A: /XXXXXXXXX (9-digit beneficiary bank branch code)
Swift code

Format 3:
57A: Swift BIC code
72: bene bank branch complete address (Should be clearly indicated)

Format 4:
57A: Swift BIC code
72: routing code/ BBB, bene bank branch code XXXXXXXXX (9-digit beneficiary bank branch code).

Reason for Payment: Purpose of payment is recommended.

Additional Information

The local market is closed on Fridays.

Barbados

BBD - Barbadian Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.centralbank.org.bb.

Payment Formatting Rules for BBD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

The beneficiary's full address is required to avoid payment delays.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxBBxx or xxxxBBxxxxx.

Reason for Payment: Purpose of payment is recommended.

Belarus

BYN - Belarusian Ruble, *currently suspended*

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.nbrb.by/engl/.

Country Requirements/Restrictions

Belarusian 'resident' beneficiary may be required to provide supporting documentation to comply with the country's Exchange Control Regulations.

Taxpayer code required (UNN or UNP, INN)

Payment Formatting Rules for BYN

Belgium

EUR - Euro

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.nbb.be/en.

Country Requirements/Restrictions

Payment Restrictions: There are no payment amount restrictions.

The high-valued payment system used in Belgium tends to be limited to payments exceeding EUR 500,000. Banks may charge a day's float; however, companies can often obtain same-day value settlement.

Account Restrictions: Residents and non-residents are permitted to open and maintain domestic currency (EUR) and foreign currency accounts both locally and abroad.

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in Belgium.

Payment Formatting Rules for EUR

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials), and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Belgium must be included in the payment instructions.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

There are no specific bank clearing codes in this country for cross-border payments. SWIFT BIC is key to routing payments to the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxBExx or xxxxBExxxxx.

Benin

XOF – West African CFA Franc

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Country Requirements/Restrictions

Additional Documentation: Additional supporting documentation may be required from the beneficiary.

Payment Formatting Rules for XOF

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials), address, and telephone number of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

It is mandatory to format account numbers for beneficiaries with accounts in Benin according to the below specifications.

Account numbers should be in either of the below formats:

- 24 characters consisting of the 5-character bank code (including the 2 character country code) + 5 character branch code + 12 digit account number + 2 digit Clé RIB.
- 28-character IBAN consisting of 2 character country code + 2 digit IBAN check + 5 digit bank code + 19 digit account number.

Country Code	BJ
Length	24!c

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxBJxx or xxxxBJxxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

This country is a member of the Central Bank of West African States.

XOF is a zero-decimal currency.

Bermuda

BMD – Bermudian Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bma.bm.

Payment Formatting Rules for BMD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxBMxx or xxxxBMxxxxx.

Reason for Payment: Purpose of payment is recommended.

Bolivia

BOB – Bolivian Boliviano

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Payment Formatting Rules for BOB

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxBOxx or xxxxBOxxxxx.

Reason for Payment: Purpose of payment is recommended.

Bosnia and Herzegovina

BAM – Bosnia-Herzegovina Convertible Mark

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.cbbh.ba.

Payment Formatting Rules for BAM

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials), address, and telephone number of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Bosnia and Herzegovina must be included in the payment instructions. The IBAN must start with BA39 followed by 16 digits.

Account # Ex	123-456-78912345-67

If the final beneficiary belongs to a government organization, the following details must be included: budget organization code, 6-digit profit type, and 3-digit citation number (municipality). This information may also be provided in SWIFT MT103 F70.

The beneficiary's telephone number is required to avoid payment delays or return. This information may also be provided in SWIFT MT103 F70.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxBAxx or xxxxBAxxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

BAM is settled as a EUR transfer. Therefore, the beneficiary can choose to withdraw this currency as BAM or EUR.

Botswana

BWP – Botswana Pula

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bankofbotswana.bw.

Payment Formatting Rules for BWP

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

For accounts held at First National Bank, 11-digit account numbers are required.

Beneficiary Bank: Include SWIFT BIC with 6-digit branch code, full name, and address of the beneficiary bank.

There are no specific bank clearing codes in this country for cross-border payments. SWIFT BIC is key to routing payments to the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxBWxx or xxxxBWxxxxx.

Reason for Payment: Purpose of payment must be clearly identified (rent, salary, medical expenses, office expenses, charity, etc.).

Brazil

BRL – Brazilian Real

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, beneficiary's tax ID, email address phone number, and beneficiary bank address and agency code).

Central Bank: For additional information, please refer to www.bcb.gov.br.

Country Requirements/Restrictions

Payment Restrictions: Restrictions exist for BRL payments. Brazilian banks will convert USD and foreign receipts to local currency for payment to beneficiary. Resident and non-resident transactions involving foreign currency can only be carried out through the intermediary of authorized financial institutions. Brazilian *Boletos Bancário* is a form of payment employed within Brazil. This type of payment can't originate from or settle outside of the country. USD and other foreign currencies are delivered to the Brazilian bank's correspondent in the United States. NGOs must register locally to receive payments. Please be advised that any payments related to gambling and bets are strictly prohibited.

Payment Formatting Rules for BRL

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Must include account number (IBAN) for beneficiaries with accounts in Brazil, full beneficiary name (no initials), address, and telephone number of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary. Please note that phone number is mandatory.

Beneficiary Bank: Include SWIFT BIC with branch identifier, full name, address of the beneficiary bank. To ensure smooth and timely processing of your payments, please make sure that the BIC you provide matches the information associated with your IBAN. This alignment helps prevent any potential delays or rejections in the payment process.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxBRxx or xxxxBRxxxxx.

Sender to Receiver Information: To avoid payment delays, the beneficiary's phone number and email address should be included. Please replace '@' with '_AT_' (blank space before and after '_AT_') for smooth processing. Sample Format: /INT/name AT jpmchase.com.

Beneficiary Tax ID: Beneficiary tax ID should be a combination of Prefix + ID number (Do not use Spaces, "." and "-", clients should use "/" as described in the example below)

Tax ID number (11 -digits characters CPF for individuals and 14 - alphanumeric characters CNPJ for Corporations/NGO/Orgs), and telephone number of the beneficiary customer is required to avoid payment delays or return. This information may also be provided in SWIFT MT103 F70.

Prefix	TAXID
Tax ID Number	**12345678912**
Print Format Ex.	**TAXID/12345678901/**

Purpose of Payment: A Prefix + a 5-digit purpose code is mandatory for all transactions. Do not use spaces, "." and "-", clients may use "/" as described in the example below.

Example

Prefix	PURP
Code	37028
Print Format Ex.	PURP/37028/

Please Refer to the structured purpose of payment guide (POPs) below for codes and descriptions. Note that Additional documentation may be required depending on the FX purpose of payment (POP).

Please be aware that payments in the local currency, Brazilian Real (BRL), will be processed through he Real-Time Payment (RTP) system, locally known as "Pix". Even though Pix is widely adopted in Brazil, (i) certain institutions may not be able to accept Pix transactions; and (ii) beneficiaries may choose to reject Pix transactions that do not comply with certain conditions. Therefore, before initiating a payment in BRL, you must confirm with the respective beneficiary if it accepts Pix transactions and under which conditions.

Brazil
Continued

Additional information may be required from the client and beneficiary in Brazil for audit purposes, either during the processing of the transaction or after it has been completed. If requested during processing, this information is necessary to proceed with the transaction.

To ensure a smooth payment process to Brazil, start by checking Table 2 to see if your payment purpose is listed. If your purpose isn't found there, refer to Table 1 for payments under 1 million BRL or Table 3 for those exceeding 1 million BRL to identify the appropriate payment purpose.

Additional Information

This country is a member of the Bank of Central African States.

XAF is a zero decimal currency.

Canada

CAD – Canadian Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. Canadian bank branch routing number, SWIFT BIC code and beneficiary bank address). Absence of this information may result in delays or returns.

Central Bank: For additional information, please refer to www.bankofcanada.ca.

Country Requirements/Restrictions

Currency and Clearing Information: Canada has well-developed high-value and low-value electronic payment systems.

Account Restrictions: Residents and non-residents can hold both domestic and foreign currency accounts. Most Canadian banks offer accounts in USD.

Canada's "Proceeds of Crime (Money Laundering) and Terrorist Financing Act" and related regulations impose an obligation on all Canadian financial institutions, including J.P. Morgan, to obtain certain information for wire payments transmitted in a SWIFT 103/103+ format and SWIFT MT101s that result in the SWIFT MT103 format. In order to comply with these regulatory requirements, J.P. Morgan will require complete order party/beneficiary information to be included in any wire payments that are sent or received through your accounts with us in Canada.

Complete order party/beneficiary information includes: full account name, full account number, full beneficiary bank name, the SWIFT BIC code, and full physical address information. A full physical address must include: street number, street name, city or town, state or province where applicable, and country, preferably in the 2-character ISO format.

In circumstances where a street number is not assigned to a physical location, a description of the location, such as a building and street name, may be acceptable. A P.O. Box is not acceptable without a full physical address. State or province is also required for all U.S. and Canada addresses and for other countries, where applicable. Some Canadian banks also require the Canadian Clearing Code to avoid delays in processing.

The ideal size of the mandatory fields for ordering party/beneficiary full account name is 35 characters. For the mandatory ordering party/beneficiary address, full physical address components should fit into the rest of the 3 lines with 35 characters in each line. Where the beneficiary name exceeds one line, the full beneficiary name and full address should fit in 4 lines. The address information should not overflow into other fields to avoid delays or rejection.

Canada

Continued

Financial institutions may reject or delay your wires if the required information is not provided or address information does not include a full physical address in the mandatory fields.

Payment Formatting Rules for CAD

Ordering/Originating Customer: For MT103 wire payments debiting a non-FCB[1] client account, the JPMorgan wire engine will enhance the account name and address from account records. For all other MT103MT101 formatted wire transactions in and out of Canada, including those paid through an intermediary bank, include account number, full name (no initials), and full physical address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: For all transactions in and out of Canada, including those paid through an intermediary bank, include account number, full name (no initials), full physical address, including two character ISO Country Code of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary or transaction will be rejected.

When paying CAD to a beneficiary who holds an account with Royal Bank of Canada or the Bank of Nova Scotia, the account number should be 12 digits.

Beneficiary Bank: It is mandatory by JPMorgan that the bank's SWIFT BIC is provided, and, where applicable, the Canadian Clearing Code is provided for CAD payments and receipts. If the SWIFT BIC is not provided and/or there is an incorrect Clearing Code, the wire payments and receipts may fall into repair or be rejected. It is recommended by Payments Canada that the Canadian Clearing Code or routing code be used for payments denominated in CAD. The 9-digit routing number is made up of the Direct Payment Routing Number (4 digits) and the Branch Transit Number (5 digits). The structure is //CC followed by nine digits. Example: //CC123412345.

Where applicable, the beneficiary bank transit number identifies which internal branch account the main bank should direct the funds to.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxCAxx or xxxxCAxxxxx.

Wire receipts for credit to a Canadian corporate account need to be received by JPMorgan Toronto in the swift MT103 format due to Canadian regulatory reporting obligations. If they are received in the MT202 format for credit to a corporate-owned account, the wire receipt in the MT202 format will be rejected and will have to be resent by the counterparty in the SWIFT MT103 format.

[1] FCB means Foreign Correspondent Bank

[2] Canadian Clearing Code is mandatory for Laurentian Bank, National Bank, Desjardins, CIBC & Meridian Bank, Manulife Bank, State Street Bank

Cape Verde

CVE - Cape Verdean Escudo

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bcv.cv.

Payment Formatting Rules for CVE

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary. The account number must be provided in IBAN format, with a total length of 25 characters, structured as follows:

- Country Code (ISO): CV
- IBAN Check Digits: 2 digits
- BBAN (Basic Bank Account Number): 21 digits

The BBAN corresponds to the National Bank Identification (NIB).**Beneficiary Bank:** Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxCVxx or xxxxCVxxxxx.

Reason for Payment: Purpose of payment is required.

Cayman Islands

KYD - Cayman Islands Dollars

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Payment Formatting Rules for KYD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and full address (Mandatory). Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier, full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxKYxx or xxxxKYxxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

Payments are processed onshore as draft payments.

Central African Republic

XAF - Central African CFA Franc

Chile

CLP – Chilean Peso

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, beneficiary's email address, tax ID number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bcentral.cl/eng.

Country Requirements/Restrictions

Payment Restrictions:

FX payments can only be made to onshore residents with an in-country presence.

Please note that imports and exports payments transactions exceeding USD 5 million per year must be reported to the Banco Central de Chile.

Account Restrictions: Residents and non-residents can open and maintain foreign currency accounts domestically and abroad. Foreign currency accounts held at commercial banks require certification of domicile and a tax identification number.

Additional Documentation: Additional supporting documentation may be required from the beneficiary.

NGOs need to present current registration documents at their local bank.

Payment Formatting Rules for CLP

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials), address, and tax ID of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

There are no specific beneficiary account number requirements in this country.

1. Identification of RUT

You may identify a RUT based on the following format:

Format: NNNNNNNNN-A (N = digit (0–9), A = digit or uppercase 'K')

Numeric portion may range from 6–9 digits.

IMPORTANT: Do NOT use spaces, periods ('.'), or hyphens ('-'). The letter 'K' must always be uppercase.

2. File Transmission Format

For file-based transmissions (H2H, API, SWIFT):

Use Acronym (e.g. TAX) + number + '/'

Default location: Field 70 (MT103), unless platform specifies otherwise.

Examples: TAX12345678/ | TAX123456789K/

NOTE:

- For ISO20022 (Pacs): use dedicated Tax ID field (e.g. 123456789K)
- For non-SWIFT platforms: follow equivalent field per provider specs

Chile

Continued

For H2H clients RUT number must be provided This information may also be provided in SWIFT MT103 F70.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

There are no specific bank clearing codes in this country for cross-border payments. SWIFT BIC is key to routing payments to the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxCLRM or xxxxCLRMXXX.

Reason for Payment: Purpose of payment is mandatory. Please refer to the Central Bank of Chile purpose of payment codes (pg 7-11) https://www.bcentral.cl/documents/33528/133521/Manual+de+Procedimientos+y+Formularios+de+Informaci%C3%B3n+del+CNCI.pdf/bcdfb774-330a-c6e1-b9fd-1b5e2c078426?t=1583165824643

Sender to Receiver Information: To avoid payment delays from an account outside of the United States, the beneficiary's email address should be included. Please replace '@' with '_AT_' (blank space before and after '_AT_') for smooth processing. Sample Format: /INT/name AT jpmchase.com.

Additional Information

CLP is a zero-decimal currency.

China

CNY – Chinese Yuan/Renminbi

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, beneficiary account name, and beneficiary bank address).

Central Bank: For additional information, please refer to www.pbc.gov.cn.

Country Requirements/Restrictions (On-Shore CNY)

Payment Restrictions: This is a restricted currency. Restricted currency payments must include all required information, or they will be canceled.

Beneficiary must have been activated in RCPMIS, the central bank reporting system, by its local bank before it can conduct any CNY cross-border transaction for the first time.

For corporations, payments can be for merchandise, service trade, other current account items (i.e., operating expenses) and approved capital activities.

Account Restrictions: Non-resident companies require approval from the People's Bank of China (PBOC) for the opening of CNY settlement account in China.

Additional Documentation: Supporting documents are not required for outgoing payments if the payment bank allows document simplification. Local regulatory reporting applies to all cross-border payments.

If requested, the beneficiary must provide the local bank with supporting documentation to validate the underlying transaction and receive credit into the account.

Country Requirements/Restrictions (Off-Shore CNY)

Currency & Clearing Information: The official ISO currency code for payments is CNY. It is used as the official code to denominate payments and accounts. CNH is the informal currency term used in the off-shore markets, and denotes the foreign exchange rate for the renminbi traded in the off-shore markets.

Hong Kong is by far the largest renminbi off-shore market due to its early participation in the renminbi international trade settlement scheme and the development of a domestic RMB clearing system (CHATS) where the Bank of China (Hong Kong) is the settlement institution.

Payment Restrictions: Since the liberalization of the currency, the renminbi can be used globally as a trade settlement currency in off-shore jurisdictions (outside mainland China).

(Continued on next page)

China
Continued

Like the other offshore markets in New York, Singapore, Tokyo, and London, no specific regulatory restrictions are imposed on payment initiation and FX in CNH. However, payments involving FX for CNY rate (the on-shore renminbi rate) are subject to restrictions.

Receipt of cross-border CNY remittance to personal accounts in China will be subject to beneficiary bank's capability of cross-border CNY payment processing.

Account Restrictions: Like the other off-shore markets in New York, Singapore, Tokyo, and London, there are no specific regulatory restrictions imposed on account opening.

Additional Documentation: Supporting documentation may be requested from the beneficiary to substantiate an FX trade.

Foreign Currency Payment into Mainland China Foreign Currency Current & Capital Accounts

Foreign currency accounts in China are purpose based. Current and capital accounts are the most common on-shore foreign currency accounts.

Current accounts are for normal pay/receive activities. Capital accounts are reserved for capital injection.

Capital account opening can be done based on one-off registration with local regulator. FX from renminbi to another foreign currency must be supported by documentation detailing the nature/purpose of the exchange.

Foreign currency receipts of any amount are subject to explanation on nature/purpose of payment.

Payment Formatting Rules for CNY

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer.

Beneficiary: Include account number, full name (no initials), address, and as best practice, the telephone number of the beneficiary customer.

Beneficiary must have been activated in RCPMIS, the central bank reporting system, by its local bank before it can conduct any CNY cross-border transaction for the first time. The provided beneficiary name should be exactly the same as the information registered in RCPMIS.

If requested, the beneficiary must provide the local bank with supporting documentation to validate the underlying transaction and receive credit into the account.

China
Continued

Beneficiary Bank: Include the SWIFT BIC and full name and address of the beneficiary bank

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxCNxx or xxxxCNxxxxx.

Sender to Receiver Information: A purpose of payment code is mandatory and must be included on its own line in in sender to receiver information for cross-border China-bound CNY payments. The purpose of payment code should be formatted as /XXX/. Where XXX is the 3 letter code.

Code	Description
/CAP/	Capital Account
/GDS/	Goods Trade
/SRV/	Service Trade*
/CAC/	Current Account
/FTF/	Bank to Bank Funds Transfer

* Also applicable for remittance payment to a family member

The purpose description (optional) can be added in line 2.

J.P. Morgan will reject without prior notice any China bound cross-border payment instructions missing purpose of payment codes.

Only merchandise trades with China to be settled within three months are eligible to contract the CNY rate.

Additional Information

For Foreign Currency (non-CNY) cross border payments into China, foreign currency receipts of any amount are subject to explanation by the beneficiary on nature/purpose of payment.

Colombia
COP - Colombian Peso

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, account type, beneficiary bank address, and beneficiary's tax ID, email address, and telephone number). Information included on the payment message must include only alphanumeric characters in all populated fields of the payment instruction. External advisory is recommended as the Bank does not provide advice on the information to be reported before the Central Bank or regarding the transaction.

Central Bank: For additional information, please refer to www.banrep.gov.co/en.

Country Requirements/Restrictions

Payment Restrictions: The beneficiary must have an in country presence to receive COP FX payments.

Additional Documentation: Supporting documentation may be required from the beneficiary to receive credit into the account.

Anti-money laundering regulations require supporting documentation declaring the source of the funds when dealing with the FX desk.

For US initiated payments, the Remitter must follow the rules provided by the Central Bank according to DCIP-83: https://www.banrep.gov.co/sites/default/files/reglamentacion/archivos/compendio-dcip83-octubre-2023.pdf It is strongly recommended to confirm that any payment does not fall under DCIP-83, Section 10.4.2.2.(lit e), which exclusively allows payments to Colombian residents for services rendered to non-Colombian residents. The Customer shall consider external advice to process additional requirements on the report and information provided according to applicable law. In case the flow is not under the mentioned regulation please refer in advance to the Bank: https://www.banrep.gov.co/es/politica-monetaria-cambiaria/regulacion-operaciones-cambiarias/conceptos-basicos#4. Please consider misuse of the account under the rules herein referred might be subject to further actions and sanctions by the relevant Colombian FX supervisory authorities. Considering the bank's due diligence is limited to requesting the relevant information of the transaction, misuse of the account may fall under the responsibility of the Customer.

(Continued on next page)

Payment Formatting Rules for COP

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Include full address, city, and country of the ordering customer.

Beneficiary: For payments in all currencies, payment instruction must include:

- Account number. Max 17 digit number.
- Account type (required by local clearing). Account type can be included in SWIFT MT103 field 59, field 70 and/or field 72. Account type must be included as follows:

Code	Description
CACC	Checkings
SVGS	Savings
OTHR	Other
Full name (no initials). Use of initials may delay receipt of funds by the beneficiary,	
Address,	
10-digit 'NIT' for corporate tax IDs and 7-11-digit 'Cédulas' for individual tax IDs:Beneficiary ID must be included as follows: "TAXIDXXXXXXXXXXX", where XXXXXXXXXXX refers to the ID number and telephone number of the beneficiary customer. Full address, city, and country of the beneficiary customer.	

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank. There are no specific bank clearing codes in this country for cross-border payments. SWIFT BIC is key to routing payments to the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxCOxx or xxxxCOxxxxx.

Sender to Receiver Information: To avoid payment delays, the beneficiary's email address should be included. Please replace '@' with '_AT_' (blank space before and after '_AT_') for smooth processing. Sample Format: /INT/name AT jpmchase.com.

Reason for Payment:

Purpose of payment code is mandatory. Please refer to the below link from the Central Bank for approved codes https://d1b4gd4m8561gs.cloudfront.net/sites/default/files/reglamentacion/archivos/dcip-83-compendio-anexo1.pdf.

Colombia

Continued

For Payments Initiated from countries other than the U.S.:

The beneficiary is required to sign and return the two forms noted before 1:00 p.m. local time for funds to be received by 5:00 p.m. local time. Declaration form provided by the Central Bank of Colombia must contain the U.S. dollar amount that the third party vendor is sending to fund the payment. Letter of Instruction must also contain the U.S. dollar amount that the vendor is sending to fund the payment.

In-country beneficiary banks supported for COP FX payments include:

Banco AV Villas (only payments less than 10,000 USD equivalent) – BAVICOBB,

Banco de Bogota – BBOGCOBB ,

Bancolombia- COLOCOBM,

Banco de Occidente – OCCICOBCBO2,

BBVA Colombia – GEROCOBB,

Citibank – CITICOBB,

Banco Caja Social BCSC/CASOCOBB (only payments less than 10,000 USD equivalent),

BBVA Colombia – GEROCOBB

Banco Davivienda – CAFECOBBXXX,

Itaú Corpbanca Colombia – BCTOCOBB ,

Banco Santander- SANTCOBBXXX,

Banco GNB Sudameris – BSUDCOBB

Banco Colpatria (only payments less than 10,000 USD equivalent) – COLPCOBB

For payment below USD 10,000: Beneficiary will have to accept the funds by filling out the appropriate forms on shore with their bank.

For payment above USD 10,000: Beneficiary bank will require any supporting documents to be filled out and presented on the day the transaction is closed for the funds to be credited.

Comoros

KMF – Comorian Franc

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g., SWIFT BIC, account number, and beneficiary bank address).

Country Requirements/Restrictions

Payment Restrictions: A purpose of payment (POP) is required for all transactions.

Payment Formatting Rules for KMF

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

CZK - Czech Koruna

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.cnb.cz.

Country Requirements/Restrictions

Currency & Clearing Information: Czech Republic is a member of the European Union and is adopting the payment practices of the European Union, although the country has not adopted the Euro.

Payment Restrictions: Funds movement greater than CZK 1,000,000 involving resident and non-resident legal entities and funds transfers on residents' accounts abroad must be reported to the Central National Bank.

Account Restrictions: Residents and non-residents are permitted to open and maintain domestic currency (CZK) and foreign currency accounts both locally and abroad.

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in the Czech Republic. SEPA standards do not apply to Czech koruna payments.

Payment Formatting Rules for CZK

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials), address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Use of IBAN numbers is highly recommended. If an IBAN is not used, the 16-digit CZK account number is required. IBAN is required for all EUR payments subject to SEPA standards.

Czech Republic (Czechia)

Continued

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

There are no specific bank clearing codes for this country for cross-border payments. SWIFT BIC is key to routing payments to the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxCZxx or xxxxCZxxxxx.

Additional Information

If the payee's account is at the same bank as the payer, same-day settlement takes place. For interbank credit transfers, crediting can sometimes take as long as three working days.

Domestic services are offered to all Czech Republic banks. However, not all banks are authorized to transfer payments abroad.

Denmark

DKK - Danish Krone

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.nationalbanken.dk.

Country Requirements/Restrictions

Currency & Clearing Information: Denmark is a member of the European Union and is adopting the payment practices of the European Union. However, the country has not adopted the Euro.

Beneficiary: Include account number, full name (no initials), address, and telephone number of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

It is mandatory to format account numbers for beneficiaries with accounts in Guinea-Bissau according to the below specifications.

Account numbers should be in either of the below formats:

- 24 characters consisting of the 5 character bank code (including the 2 character country code) + 5 character branch code + 12 digit account number + 2 digit Clé RIB.
- 28-character IBAN consisting of 2 character country code + 2 digit IBAN check + 5 digit bank code + 19 digit account number.

Country Code	GW
Length	24!c

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxGWxx or xxxxGWxxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

This country is a member of the Central Bank of West African States.

XOF is a zero decimal currency.

Guinea Republic

GNF – Guinean Franc

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Payment Formatting Rules for GNF

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (18 characters) , full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Account number length must be 18 digits/characters.

Beneficiary Bank: Include SWIFT BIC with branch identifier, full name, and address of the beneficiary bank. The exact location of the bank must be provided.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxGNxx or xxxxGNxxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

GNF is a zero decimal currency.

Guyana

GYD – Guyanese Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Payment Formatting Rules for GYD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Include the full beneficiary address to avoid payment delays.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxGYxx or xxxxGYxxxxx.

Reason for Payment: Purpose of payment is recommended.

Funds paid to the Guyana Revenue Authority requires a reference in the following format: YYMMDD/RRRRRRRRRRRR. The relevant reference can be obtained from the Guyana Revenue Authority.

Effective 1st May 2020, 8 Numeric Digit Transit Code is mandatory. It should be updated in the first line of Field 70 (e.g. TRANSIT CODE: XXXXXXXX)

Additional Information

Confirm with beneficiary the beneficiary bank transit code before submitting the payment.

Haiti

HTG – Haitian Gourde

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Payment Formatting Rules for HTG

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxHTxx or xxxxHTxxxxx.

Reason for Payment: An in-depth, detailed purpose of payment is required (e.g., Reimbursement of medical expenses).

Honduras

HNL – Honduran Lempira

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Country Requirements/Restrictions

Payment Restrictions: Individual to individual payments are not supported.

For payments from corporations/organizations to individuals, include a detailed purpose of payment.

Payments to beneficiaries holding accounts at Central Bank are not supported.

Capital injection payments are not supported.

Payment Formatting Rules for HNL

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials), address, and tax ID of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxHNxx or xxxxHNxxxxx.

Reason for Payment: Purpose of payment is recommended.

For payments from corporations/organizations to individuals, include a detailed purpose of payment. Our bank withholds the rights to reject payments which do not have a satisfactory purpose of payment.

Salary payments are authorized, but the purpose of payment must indicate that it is for salary.

Include Tax ID number for the beneficiaries (can also be included in F72)

For Individual: Tarjeta de Identidad (ID) – 13 digits

For Corporate: RTN (Registro Tributario Nacional) – (RTN + 14-digit tax ID)

Type of account of the beneficiary must be indicated in your payment instructions. (can also be included in F72)

Cuenta corriente (checking account)

Cuenta de ahorro (saving account).

Hong Kong

(HKD – Hong Kong Dollar)

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.hkma.gov.hk.

Country Requirements/Restrictions

Currency & Clearing Information: Hong Kong's clearing system is separated into three categories: (1) RTGS payments (HKD, USD, EUR, and RMB); (2) Paper check clearing (CLG); and (3) Low-value electronic clearing (ECG).

Domestic clearing capabilities exist for USD, EUR, HKD, and RMB through the Clearing House Automated Transfer System (CHATS).

Payment Restrictions: HKD is a freely traded currency on-shore and offshore. Hong Kong has no currency and exchange controls, or any legal restrictions on capital inflow and outflow.

No central bank reporting or approval requirements exist for domestic or cross-border transfers.

Account Restrictions: There is no difference between accounts held by residents and non-residents. Both are allowed to open HKD and foreign currency accounts in Hong Kong.

Any corporation, financial institution, or individual can open accounts of any type and currency with any Hong Kong bank. However, the services offered depend on the bank's registered status under the three tier banking structure.

Payment Formatting Rules for HKD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer.

Beneficiary: Include account number, full name (no initials) and full address of the beneficiary customer.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full bank name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxHKxx or xxxxHKxxxxx.

Hungary

HUF - Hungarian Forint

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.mnb.hu.

Country Requirements/Restrictions

Currency & Clearing Information: Hungary is a member of the European Union (EU) and is adopting the payment practices of the EU, although it has not adopted the euro.

Payment Restrictions: The National Bank of Hungary requires all payments between residents and non-residents above EUR 12,500 to be reported.

Banks can use a EUR settlement system such as the EBA-EURO1 system, of which the National Bank of Hungary is a participant.

Account Restrictions: Residents and non-residents are permitted to open and maintain domestic currency and foreign currency accounts both locally and abroad.

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in Hungry. SEPA standards do not apply to Hungarian Forint payments.

HUF payments must be entered in whole amounts with no decimal

Payment Formatting Rules for HUF

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN is required for all euro payments to beneficiaries with accounts in Hungary. IBAN is highly recommended for Hungarian forint payments.

Hungary

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxISxx or xxxxISxxxxx.

Reason for Payment: Purpose of payment is recommended. Any information that is vague/incomplete may need further clarification and result in payment delays.

Additional Information

This is a zero decimal currency and therefore does not have cents.

India

INR - Indian Rupee

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. IFSC code, account number, and beneficiary bank address).

Central Bank: India's exchange control policy is set by the government in conjunction with the Reserve Bank of India (RBI), which administers regulations. For additional information, please refer to www.rbi.org.in.

Country Requirements/Restrictions

Currency & Clearing Information: Real Time Gross Settlement (RTGS) is the domestic high value clearing system with a threshold of INR 200,000. National Electronic Funds Transfer (NEFT) is the domestic low value clearing system, with no specified amount threshold for cap values.

For cross border INR payments into India with value INR 500,000,000 and above, both remitter & beneficiary Legal Entity Identifier (LEI) must be provided under Payment Details/Remittance information (F70). See Payment Formatting Rules For INR– Reason for Payment section for acceptable formats.

Payment instructions without LEI information and appropriate formatting will be rejected.

The LEI is a unique 20-character number used to identify parties involved in financial transactions.

For the latest listing of participating member banks, visit: www.rbi.org.in. Both the sending and the receiving bank must be RTGS or NEFT enabled.

Payments are settled on a first-in, first-out basis, either in real time (for RTGS) or within two hours (for NEFT) subjecting to working hours and bank holidays.

Payment Restrictions: Different payment types are subject to different regulations, yet the purchase of INR is permitted for trade and current account purposes.

Foreign currency can be paid from offshore for local conversion subject to regulations.

All transactions with non-residents are subject to foreign exchange controls, but the INR is fully convertible for trade and current account purposes.

Transfer of funds from foreign currency accounts to an INR account is permissible subject to certain regulatory prescriptions and allowances.

Transfer of funds from a local currency account to a foreign currency account is not permitted except in certain regulatory situations.

In general, there are no limits on the amount received, as long as the necessary supporting documents are provided.

Sending payments to non-resident beneficiaries is permitted subject to foreign exchange management guidelines.

India

Continued

Additional Documentation: Additional documentation may be required from the remitter and/or beneficiary.

Foreign Direct Investment:

All cross border incoming remittances with purpose code as Foreign Direct Investment (P0006, P0007 & P0008) will require additional Declaration & details of the remitter/Investor which may cause delay in processing.

Payment Formatting Rules for INR

Ordering/Originating Customer: Include account number, full name, and address of the ordering customer.

Beneficiary: Include account number, full name and address of the beneficiary customer.

Beneficiary Bank: Include beneficiary bank branch's full name, address, including branch postal identification number (PIN), and branch telephone number (highly recommended).

If the beneficiary of an INR payment holds their account with another bank in India, include the Indian Financial Services Code (IFSC) only in the beneficiary bank field. If the beneficiary of an INR payment holds their account with a JPMC India branch a SWIFT BIC is required.

Reason for Payment:

Payment purpose code is mandatory for all cross border payments into India. Payments received without a specific purpose code will be cancelled and returned to the remitter.

Please refer to the Reserve Bank of India's payment purpose codes, beginning with "P":

http://rbidocs.rbi.org.in/rdocs/notification/PDFs/ASAP840212FL.pdf

Format: /ACC/PURPOSE/IN<Purpose code>

If in case of space limitation in field 72, the purpose code in the above format can be mentioned in field 70.

If the purpose code used is also listed here https://www.jpmorgan.com/visit/inpop-feb2020 then the country code where the ultimate service was provided must also be quoted in the following format

Format: /ACC/PURPOSE/IN<Purpose code><Country code providing ultimate service>

If the beneficiary is an individual non-resident, please also confirm the account type by using the below codeword:

Non-Resident Emigrant (NRE) - Format: /NRE/

Non-Resident Ordinary Account (NRO) - Format: /NRO/

Example: Format: /ACC/PURPOSE/IN<Purpose code><Country code providing ultimate service>/NRE/.

India

Continued

Note:

[1].In order to avoid any delay in processing your transactions, avoid using purpose code 'P1099' (Other services not included elsewhere), as we may seek further information on the transactions before processing.

[2]Kindly ensure the payment is formatted as per above to avoid delays in transaction processing. In addition to the purpose code, you may also provide purpose of remittance within the narrative of the payment, to avoid potential issues.

All cross border incoming remittances with purpose code as Foreign Direct Investment (P0006, P0007 & P0008) will require additional Declaration & details of the remitter/Investor. Please allow additional time for processing.

Effective March 15, 2023 all cross border INR payments into India using the below three purpose codes, or quoting 'Donation' in its description, will not be processed until further notice.

P1302 Personal gifts and donations

P1303 Donations to religious and charitable institutions in India

P1304 Grants and donations to governments and charitable institutions established by the governments

For payments > INR 500,000,000 or equivalent, please include the LEI information in your payment reason for payment instructions as below.

Beneficiary is non-individual entity -
Rem LEI XXXXXXXXXXXXXXXXXXXX
Ben LEI XXXXXXXXXXXXXXXXXXXX
<<Any Additional Details>>

Beneficiary is individual -
Rem LEI XXXXXXXXXXXXXXXXXXXX
Ben LEI NABENINDIVIDUAL00000
<<Any Additional Details>>

Remitter is individual –
Rem LEI NAREMINDIVIDUAL00000
Ben LEI XXXXXXXXXXXXXXXXXXXX
<<Any Additional Details>>

Beneficiary/Remitter is individual –
Rem LEI NAREMINDIVIDUAL00000
Ben LEI NABENINDIVIDUAL00000
<<Any Additional Details>>

(Continued on next page)

India

Continued

Additional Information

In addition to the purpose code, you may also provide purpose of remittance within the narrative of the payment, to avoid potential issues.

If the RTGS IFSC or NEFT IFSC is missing or invalid, or the sending or receiving banks are not RTGS-enabled, a draft will be issued and mailed if the full beneficiary bank branch name, building, street, location, and PIN (Postal Identification Number) are provided in the Beneficiary Bank Field.

Banks in India are required to obtain the LEI from all resident entities (non-individuals) and non-resident counterparts and overseas entities for all cross-border transactions into and out of India from your accounts with transaction values of INR 500 Million and above.

The LEI will also be validated before a cross-border transaction is processed. Once the LEI is made available to J.P. Morgan Chase Bank N.A., India (JPMCB India), it will be validated for all subsequent transactions, irrespective of the transaction size.

For clients holding accounts with JPMCB India, provide your valid LEI to our JPMCB India's relationship team. This information shall be stored and applied to all future payments and receipts .Transactions with missing/invalid LEI shall be kept on hold. For clients holding accounts with JPMCB India are not required to include their LEI in the payment message

Kindly also provide the LEI of your counterparties (i.e. non-resident counterparts/overseas entities, resident entities located in Special Economic Zone etc.) for payments. Use the formatting guide when providing the LEI of counterparties for payments.

Ask remitters to include their LEI while sending payments into your account with JPMCB India as outlined in the formatting guide:

INR Vostro transactions processed through JPMCB India, the onus of ensuring Compliance to RBI's LEI regulations for cross border transactions is that of the bank of the resident entity in India i.e. bank of the Indian beneficiary and not J.P. Morgan India. In case the end beneficiary in India banks with J.P. Morgan India, then the remitter is requested to include their LEI in the payment message as per the formatting guide .

Formatting guide: https://pages-jpmcib.jpmorgan.com/rs/726-KZY-402/images/India Formatting Guide for LEI.pdf

LEI requirements for cross border payments to India in non-INR:

For your account with JPMCB India, if there is a FX purchase/sell and if the amount is greater or equal to USD 1 million and above, then valid LEI is required, else the underlying transaction shall not be processed.

India

Continued

Tax Applicable at source applicable for ESOP/ESPP remittances

Employee Share Options Program (ESOP) and Employee Share Purchase Program (ESPP) cross-border remittances done from accounts with JPMCB India for which contributions are being made by the employees must have additional declarations and a debit authority signed in wet ink by your authorized signatories and be submitted with the Annexure that contains employee details on the remittances. Payments without such documentation shall be kept on hold. JPMCB India shall rely on the Tax Collected at Source (TCS) amount stated in these declarations/Annexure for collection and deposit to tax authorities.

For Foreign Currency (non-INR) cross border payments sent from JPM Mumbai branch:

Please contact your local J.P. Morgan representative.

Indonesia

IDR - Indonesian Rupiah

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to https://www.bi.go.id/en/default.aspx.

Country Requirements/Restrictions

Currency & Clearing Information: Real Time Gross Settlement (RTGS) is the domestic high value clearing system with minimum transaction of IDR 100,000,000. BI-FAST is the domestic Real Time Payment with amount cap up to IDR 250,000,000 per transaction. While Domestic low value payment, Sistem Kliring Nasional (SKN) has amount threshold up to IDR 1,000,000,000. The Indonesia Central Bank (BI) has a plan to decommission SKN and replace with RTP (BI-FAST) once the industry is ready and fully move the low-value transaction from SKN to BI-FAST. Inline with BI's direction, JPMorgan has started moving the SKN flow to BI-FAST since March 2023, with following conditions:

- IDR transaction for amount up to IDR 250,000,000 initiated from JPMAccess (G-ACH) and H2H Channel will be processed to BI-FAST, and to RTGS for transaction above such threshold
- IDR transaction for amount up to IDR 100,000,000 initiated from JPMACCESS (Wire) and Incoming IDR Delivery will be processed to SKN, and to RTGS for transaction above such threshold.

Payment Restrictions: All foreign currency movements are subject to reporting. IDR transfers and deposits must be held-in country.

IDR receipts in excess of USD 1,000,000 equivalent to IDR Non-Resident accounts must be accompanied with supporting documents.

Additional Documentation: Declaration letter is required for conversion from IDR to Foreign Currency and additional supporting document for conversion greater than USD 10,000 equivalent (for the month). Supporting document to show the economic activities of the FX transactions and meet prevailing Bank Indonesia requirements.

Payment Formatting Rules for IDR

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials), address, including Country Code of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

(Continued on next page)

Indonesia
Continued

If the beneficiary name is not an exact match, or initials are used, the payment will be returned by beneficiary bank.

Beneficiary address is mandatory for all IDR payments

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxIDxx or xxxxIDxxxxx.

Reason for Payment:

For IDR Transactions up to IDR 100,000,000, please also mention Sistem Kliring Nasional (SKN) data in the following format: '/SKNINFO/A.B.C.D.E' in the first line of Reason for payment.

Example: /SKNINFO/2.1.0.1.1

Note: Government type (i.e. 3.) is only applicable if the beneficiary is an Indonesian Government institution who maintains an account with the Central Bank (INDOIDJA).

Key	Description	Length	Possible Values
A	Sender Customer Type	1n!	1= Individual 2=Company/Corporation 3= Government
B	Sender Resident Type	1n!	1= Resident 2= Non-Resident
C	Bene Bank City Code	1n!	Not currently required, input 0 as a place holder
D	Bene Customer Type	1n!	1= Individual 2= Company 3= Government
E	Bene Resident Type	1n!	1=Resident 2=Non-resident

For Transaction up to IDR 250.000.000 processed via Real Time Payment (BI-FAST), Ordering Customer is required to provide Purpose Code information in F70 or F72 with the following format:

/REG/PC/XX e.g : /REG/PC/01

Note: If Ordering Customer does not provide the information we will default the value to "99"

List of Purpose Codes:

01 = Investment

02 = Transfer of Wealth

03 = Purchase

99 = Others.

Indonesia
Continued

For Import and Export payments in Foreign Currency

Exchanged, Importer and Exporter must provide purpose code (1011 for Export Proceed and 2012 for Import Payment) and invoice information in the format that is defined by Bank Indonesia as follow :

For Export Proceed :

/[Code Word other country]/[PurposeCode]//[InvoiceNo1][InvoiceAmt1][InvoiceNo2][InvoiceAmt2]

For Import Payment :

/[Code Word other country]/[PurposeCode]//[InvoiceNo1][InvoiceAmt1][InvoiceNo2][InvoiceAmt2]

Exporter and/or Importer can submit revision of the information by sending MT199 to the Sender or Beneficiary Bank and put the revised information in F79. Providing information in the wrong formatting per Bank Indonesia requirement will cause the transaction can't be processed further or even rejected.

Regulator Reporting: For a foreign currency payment to Indonesia greater than the equivalent of USD 10,000, the remitter must provide the following information for Indonesia Foreign Exchange Trading Activities reporting to the Central Bank. Sample format: /REG/BIDATA, (ISO Country Code), (Category), (Relationship), (Transaction Purpose Code).

Status ISO Country Code: If Remitter is a Resident input "ID", if Remitter is a Non-Resident input ISO Country code "XX

Acceptable Categories: Individual (A0), Government (B0), Reporting bank (C1), Branch/Head Office abroad (C2) Other bank (C9), Non-banking financial institution (D0), Company (E0), Others (Z9)

Relationship with Ordering Party: Group (G), Non-affiliated (N), Shareholder (P), Affiliated (T)ss

Transaction Purpose Code: Code should be formatted as "1XXX" (incoming transaction).

For more guidance on Indonesia's purpose codes, please use the following link:
https://www.jpmorgan.co.id/content/dam/jpm/global/disclosures/ID/purpose-code-for-foreign-currency-transaction.pdf

Indonesia
Continued

For LCY (IDR) Payment to Indonesia (IDR Delivery) any amount will requires to provide the following information for Indonesia Regulatory Reporting to Central Bank (LLD & Go AML). Sample format: /REG/BIDATA/(Sender Category), (Beneficiary Country Code), (Beneficiary Category)

Example: /REG/BIDATA/E0, NY, A0

Status Country Code: If Sender and Beneficiary is a Resident input "ID"

if Sender and Beneficiary is a Non-Resident input ISO Country code "XX"

Acceptable Categories: Individual (A0), Government (B0), Reporting bank (C1), Branch/Head Office abroad (C2) Other bank (C9), Non-banking financial institution (D0), Company (E0), Others (Z9)

Incomplete or unclear information might impact the payment processing which can be delayed or rejected.

Additional Information

The value date applied to the beneficiary will be value date plus one day for payments initiated out of a US account.

Movement of funds in excess of USD 10,000 will be reported to Indonesia's Central Bank on a monthly basis.

Iraq

IQD – Iraqi Dinar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Country Requirements/Restrictions

Payment Restrictions: Individual to individual (P2P) payments are not permitted

Payment Formatting Rules for IQD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Iraq must be included in the payment instructions.

Country Requirements/Restrictions

Account Restrictions: Residents and non-residents are permitted to open and maintain domestic and foreign currency accounts both locally and abroad.

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in Italy.

Payment Formatting Rules for EUR

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Italy must be included in the payment instructions.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

There are no specific bank clearing codes in the country for cross-border payments. SWIFT BIC is key to routing payments to the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxITxx or xxxxITxxxxx.

Ivory Coast

XOF – West African CFA Franc

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Payment Formatting Rules for XOF

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials), address and telephone number of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

It is mandatory to format account numbers for beneficiaries with accounts in Ivory Coast according to the below specifications.

Account numbers should be in either of the below formats:

- 24 characters consisting of the 5 character bank code (including the 2 character country code) + 5 character branch code + 12 digit account number + 2 digit Clé RIB.
- 28-character IBAN consisting of 2 character country code + 2 digit IBAN check + 5 digit bank code + 19 digit account number.

Country Code	CI
Length	24!c

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxCIxx or xxxxCIxxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

This country is a member of the Central Bank of West African States.

XOF is a zero decimal currency.

Jamaica

JMD – Jamaican Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.boj.org.jm.

Payment Formatting Rules for JMD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: For payments initiated from the United States, include account number, where the 5 digit Transit Code (mandatory) must precede the 9 digit account number (14 digits in total). This is applicable to payments to all beneficiary banks.

For payments initiated from outside the United States, include the full account number (with the Transit Code) in the beneficiary field(s) for beneficiaries with accounts at the banks below. For all other banks, include the Transit Code separately in the Additional Payment Details field.

- FCIB (FCIBJMKNXXX)
- First Global Bank (FILBJMKNXXX)
- National Commercial Bank (JNCBJMKXXXX)
- JMMB Bank (JMJAJMKNXXX)
- Banco Nova Scotia (NOSCJMKNXXX)

Include full name (no initials) and address (street address and city) of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary. Contact your J.P. Morgan Service Representative for a list of transit codes.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxJMxx or xxxxJMxxxxx.

Reason for Payment: Purpose of payment is required.

Japan

JPY – Japanese Yen

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.boj.or.jp/en.

Country Requirements/Restrictions

Currency & Clearing Information: In Japan, there are two cash clearing systems for Japanese Yen payments. One is Zengin and the other is FXYCS. Each clearing system has different rules and message format guidelines.

Zengin is a clearing system for domestic yen payments among Japanese residents.

FXYCS is used for international, cross-border yen payments for both Japanese residents and non-residents.

Maximum payment amount between residents through local clearing system, Zengin, is JPY 9,999,999,999. Amounts exceeding this limit need to be split into multiple transactions.

Payment Restrictions: JPY is a freely traded currency both on-shore and offshore.

JPY payments must be entered in whole amounts with no decimal to avoid rejection.

Resident companies must report details of all non-trade related transfers in excess of JPY 30,000,000 or the FX equivalent.

For outgoing Zengin payments, the debit account with JPMorgan Chase Bank, N.A., Tokyo Branch must be a resident account. For incoming Zengin payments, the credit account with JPMorgan Chase Bank, N.A., Tokyo Branch must be a resident account.

For outward payments from Japan, payers and payees are required to confirm their cross-border payments are not related to Japan sanctions against North Korea, Iran, Russia and the Republic of Belarus. Please input the code word "NNKNI" in your respective payment instructions to declare that your payment is not associated with the sanctions and is not a payment on behalf of a third party unless approved by JPMorgan Chase Bank, N.A., Tokyo Branch. Without this declaration, payments may be delayed or cancelled.

Account Restrictions: JPY accounts and foreign currency accounts can be opened by resident and non-residents.

Additional Documentation: For over-the-counter money transfers over JPY 100,000, Act on Prevention of Transfer of Criminal Proceeds requires banks to confirm the customer's name, address, and birthday with a government-issued ID. If the customer is an account holder, confirmation is not required as the same process is required to open an account. If problems are encountered, have the beneficiary's name, account number, and telephone number available.

Japan

Continued

Payment Formatting Rules for JPY (Standard)

Ordering Customer: Include account number, full name (no initials), and full address of the ordering customer.

Beneficiary Bank: Include SWIFT BIC. Branch information may be required in Bank to Bank information fields. Else, provide full name, and full address of the beneficiary bank.

Beneficiary Customer: Include account number, full name (no initials) and full address of the beneficiary customer.

For JPY cross border payments into Japan

Important Reference information: JPY payments must be entered in whole amounts with no decimal to avoid rejection

Payments to Post Bank (JPPSJPJ1XXX) are not supported.

Lifting fees are standard market practice in Japan. Lifting fees are calculated as a percentage of the transaction value (around 1/20% of the payment amount) and claimed for a payment with charge code: OUR.

Resident companies must report details of all non-trade related transfers in excess of JPY 30,000,000 or the FX equivalent.

For Foreign Currency (non-JPY) cross border payments into Japan

Important Reference information: Resident companies must report details of all non-trade related transfers in excess of JPY 30,000,000 or the FX equivalent

For JPY cross border payments sent from Japan

Important Reference information: JPY payments must be entered in whole amounts with no decimal to avoid rejection

Payments to Post Bank (JPPSJPJ1XXX) are not supported.

Resident companies must report details of all non-trade related transfers in excess of JPY 30,000,000 or the FX equivalent.

Bank to Bank Information (SWIFT MT103 F72): For outbound payments from a Tokyo branch account, enter "FXYCS" (International/Cross-Border Clearing System) on its own line in F72.

Bank to Bank Information (SWIFT MT103 F72): For outward payments from Japan, payers and payees are required to confirm their cross-border payments are not related to Japan sanctions against North Korea, Iran, Russia and the Republic of Belarus. Please input the code word "NNKNI" in your respective payment instructions to declare that your payment is not associated with the sanctions and is not a payment on behalf of a third party unless approved by JPMorgan Chase Bank, N.A., Tokyo Branch. Without this declaration, payments may be delayed or cancelled.

Purpose of Payment (SWIFT MT103 F70, 72, 77B): In light of the requirements under Article 17 of the Foreign Exchange and Foreign Trade Act, JPMorgan Chase Bank, N.A., Tokyo Branch requests that you provide the Purpose of Payment for all cross-border payments,

Japan

Continued

including any domestic payments from resident to non-residents from your accounts with JPMCB Tokyo (each "cross-border payment", and collectively "cross-border payments").

If cross-border payments are related to import or intermediary trade, you must also provide the Country of Origin, Place of Shipment, and Name of Goods.

Please use the codes listed in the JPMorgan Chase Bank, N.A., Tokyo Branch Payment Purpose Code List or the International Balance of Payments Headings defined by the Bank of Japan in your payment instruction. Transactions without payment purpose will be delayed or rejected.

Format: Please provide the information in the following manner:

/REG/MOF,[4-digit of Payment Purpose Code]

Example: /REG/MOF,0421

If the payment is related to importation of goods or intermediary trade, please provide additional information in the following manner:

/REG/MOF,[4-digit of Payment Purpose Code],[2-character ISO Country Code of Origin],[Place of Shipment],[Name of Goods]

Example: /REG/MOF,0071,CN,GUANGZHOU,AUTO PARTS

Additional Information

Local market is closed on Fridays.

Kazakhstan

KZT - Kazakhstani Tenge

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.nationalbank.kz.

Country Requirements/Restrictions

Additional Documentation: The beneficiary must complete all required documentation at their local bank by value date to receive credit into the account. If all documentation is not completed by value date, the exact payment amount can't be guaranteed.

Payment Formatting Rules for KZT

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Kazakhstan must be included in the payment instructions.

Account # Ex	KZ12 345A BC67 8912 3456
Country Code	KZ
Structure	2!a2!n3!n13!c
Length	20!c
Electronic Format Ex.	KZ12345ABC6789123456
Print Format Ex.	KZ12 345A BC67 8912 3456

Full beneficiary address is required.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxKZxx or xxxxKZxxxxx.

Reason for Payment: Purpose of payment description is required, must be clearly identified (rent, salary, medical expenses, etc.) and must be included in the first line. It should begin with the prefix POP followed by a space and then a clear purpose of payment. (e.g. POP SALARY).

Beneficiary's 12-digit Business Identification Number (BIN) or Individual Identification Number (IIN) to be included in the second line. It should begin with the prefix BIN or IIN followed by a space and then the BIN or IIN number. (e.g. BIN 123456789112)

(Continued on next page)

Kazakhstan
Continued

10 character code (known as the EKNP) should be included in the third line. It should begin with the prefix EKNP followed by a space and then the EKNP code. The EKNP code format is structured in the following way: 2-digit KOD code/2-digit KBE code/currency code KZT/3-digit KNP code (e.g. EKNP XXYYKZTZZZ).

-XX = KOD (sender's code which will always be 27 for non-resident senders)

-YY = KBE (beneficiary code)

-KZT = currency code KZT

-ZZZ = KNP (3-digit transaction purpose code, full list of codes available upon requests)

KBE Example for J.P. Morgan Bank: 24 (non-resident bank).

The first digit in the KBE can either be 1 or 2, which refers to:

1 - Resident of Kazakhstan

2 - Non-resident of Kazakhstan

The second digit indicates economic sector, and can refer to:

1 - Central Government

2 - Regional and Local Authorities

3 - Central Banks

4 - Other Deposit Organizations (Banks)

5 - Other Financial Organizations

6 - State Non-Financial Organizations

7 - Non-State Non-Financial Organizations

8 - Non-Commercial Organizations (funds, charity, etc)

9 - Individuals, Private Entrepreneurs

Frequently used KNP purpose codes include:

213 - Transfer of KZT for foreign currency purchase

223 - Transfer of foreign currency for KZT purchase

290 - FX penalties

312 - MM deal open (interbank lending/borrowing)

322 - MM deal close (take-up)

411 - Short-term loan disbursement

413 - Long-term (more than 1 year) loan disbursement

421 - Short-term loan repayment

423 - Long-term loan repayment

710 - Payment for goods

841 - Payment for financial services

859 - Payment for services

Additional Information

All KZT payments must be made with the charge indicator 'OUR'.

Kenya
KES - Kenyan Shilling

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.centralbank.go.ke.

Payment Formatting Rules for KES

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer including City and Country (mandatory). Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with 5-digit branch identifier (first 2 digits are bank code), full name, and address of the beneficiary bank.

If this code is provided in Field 57 instead, update will be made to this information on Field 70 before the payment is released

No bank clearing codes exist in Kenya for cross-border payments. SWIFT BIC is key to routing payments to the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxKExx or xxxxKExxxxx.

Reason for Payment:

5-digit beneficiary bank branch code must be included in Field 70 of the payment instructions with a prefix "BANK CODE/BRANCH CODE"

Payments destined to the Central Bank of Kenya, require the payment details {remittance information} captured as per mandatory requirement.

For Tax payment, kindly provide the remittance information in tag F70 of MT103 with prefix "ROC" followed by the Tax reference no., remittance info etc.

Purpose of Payment: A 3-4 alphanumeric purpose of payment code is required for all KES payments with a prefix POP CODE in the below format:

Line1: "/ORDERRES/KE//Pop Code"

Line2: The actual POP Code

Sample Purpose of Payment codes and descriptions include:

- 512 - National Industrial Training Authority
- 1001 - Import Duty - Oil
- 1002 - Import Duty
- 1101 - Excise Duty - Oils
- 1102 - Excise Duty

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxKWxx or xxxxKWxxxxx.

Purpose of Payment Code: For all cross-border wire instructions in KWD a purpose of payment code is required regardless of beneficiary location. Please use the below link to view PoP codes.

https://www.nbk.com/dam/jcr:277f2154-2af7-49e2-86c3-70463a035423/standard-iso-codes.pdf

Please add purpose code to MT 103 F70 or F72 or the MX equivalent field. Use codeword /POP/ followed by relevant purpose code.

In Pain.001 payment instructions, use field: <CdtTrfTxInf><RgltryRptg>):

Additional Information

Markets are closed on Fridays.

Kyrgyzstan

KGS – Kyrgyzstani Som

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.nbkr.kg.

Country Requirements/Restrictions

Payment Restrictions: Payments for rent of premises sent directly to the landlord are not permitted. All other payments to individuals are allowed.

Additional Documents: Beneficiaries of FX payments must complete all required forms advising of the nature of the payment and beneficiary before the account is credited.

Payment Formatting Rules for KGS

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include 16-digit account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxKGxx or xxxxKGxxxxx.

Reason for Payment: In SWIFT MT 103 F70 or the MX equivalent field, detailed 8-digit purpose of payment code and description are mandatory to avoid any potential delays. Purpose of payment code must have a prefix and formatted as "POP CODE: XXXXXXXX" followed by the purpose of payment description of the nature of the payment. Detailed purpose of payment should include the reference numbers of supporting documents, e.g. invoice numbers and contract numbers. Example format: Payment for (name of goods, products, services, works, etc.) under invoice no XXXXXX (if any) under contract XXXX.

Include 6-digit BIK code. The 6-digit BIK code is used to route or clear funds in Kyrgyzstan.

Contact your J.P. Morgan Service Representative for list of purpose codes.

Laos

LAK – Lao Kip

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bol.gov.la.

Country Requirements/Restrictions

Payment Restrictions: All foreign exchange earnings must be deposited in a local account.

Account Restrictions: Residents can maintain foreign exchange accounts. Accounts can't be opened abroad except where deemed necessary.

Payment Formatting Rules for LAK

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and full address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxLAxx or xxxxLAxxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

This is a zero decimal currency and therefore does not have cents.

Latvia

EUR – Euro

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Country Requirements/Restrictions

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in Latvia.

Payment Formatting Rules for EUR

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds.

Beneficiary: Include account number (IBAN), full name (no initials), and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Latvia must be included in the payment instructions.

Full beneficiary address is required to avoid payment delays.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

There are no specific bank clearing codes in the country for cross-border payments. SWIFT BIC is key to routing payments.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxLVxx or xxxxLVxxxxx.

Lesotho

LSL – Lesotho Loti

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.centralbank.org.ls.

Payment Formatting Rules for LSL

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxLSxx or xxxxLSxxxxx.

Beneficiary: Include account number, full name (no initials) and full beneficiary address (mandatory) of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Reason for Payment: Purpose of payment is recommended.

Liechtenstein

CHF - Swiss Franc

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Country Requirements/Restrictions

Currency & Clearing Information: Liechtenstein is adopting some of the payment guidelines applied by the European Union countries, including IBAN numbers, although they continue to use the Swiss Franc (CHF).

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in Liechtenstein.

Payment Formatting Rules for CHF

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxLIxx or xxxxLIxxxxx.

Beneficiary: Include account number (IBAN), full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Use of IBAN numbers is highly recommended.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxLUxx or xxxxLUxxxxx.

Macau

MOP - Macanese Pataca

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.amcm.gov.mo

Payment Formatting Rules for MOP

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and full address (Beneficiary street address, city, country) of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxMOxx or xxxMOxxxx.

Reason for Payment: Detailed purpose of payment description is mandatory to avoid any potential delays.

Madagascar

MGA - Malagasy Ariary

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Country Requirements/Restrictions

Additional Documentation: Supporting documentation may be requested from the beneficiary.

Payment Formatting Rules for MGA

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and full address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Account numbers must be formatted according to the below specifications.

Country Code	MG
Length	27!c
Format	MG46 + 23 digits

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxMGxx or xxxxMGxxxxx.

Reason for Payment: Purpose of payment is recommended.

Malawi

MWK - Malawian Kwacha

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Payment Formatting Rules for MWK

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and full address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxMWxx or xxxxMWxxxxx.

Reason for Payment: Purpose of payment is recommended.

Malaysia

MYR – Malaysian Ringgit

Overview

Bank Negara Malaysia, the Central Bank of Malaysia (BNM): For information about BNM, please refer to www.bnm.gov.my.

Country Requirements/Restrictions

"Resident" means (a) a citizen of Malaysia, excluding a citizen who has obtained permanent resident status in a country or a territory outside Malaysia and is residing outside Malaysia; (b) a non-citizen of Malaysia who has obtained permanent resident status in Malaysia and is ordinarily residing in Malaysia; (c) a body corporate incorporated or established, or registered with or approved by any authority, in Malaysia; (d) an unincorporated body registered with or approved by any authority in Malaysia; or (e) the Government or any State Government

"Non-resident" means (a) any person other than a resident; (b) an overseas branch, a subsidiary, regional office, sales office or representative office of a resident company; (c) Embassies, Consulates, High Commissions, supranational or international organizations; or (d) a Malaysian citizen who has obtained permanent resident status of a country or territory outside Malaysia and is residing outside Malaysia. For the avoidance of doubt, this includes Malaysian Embassies, Consulates and High Commissions.

Where required under Malaysia's Foreign Exchange (FE) Policy, the client should obtain prior approval for the payment from BNM.

Speculative trading is not allowed.

MYR payment from and to an account held with a Labuan bank is not permitted due to regulatory restrictions.

BNM's Foreign Exchange (FE) Policy

The Foreign Exchange Administration Rules (FEA) may be updated from time to time by Bank Negara Malaysia. Please refer BNM (http://bnm.my/fephttp://bnm.my/fea) for the latest FE Notices.

Additional Documentation: For compliance with the FE Notices and/or other applicable legal obligations, BNM or J.P. Morgan may require clients to provide supporting documents as evidence to substantiate purpose of payment. If supporting documents are required by J.P. Morgan, please submit a scanned copy of the supporting documents to fea.screening.unit@jpmorgan.com. Transactions without supporting documentation or with incomplete or unclear purpose code will be delayed or rejected.

Malaysia

Continued

Malaysia's Payment Purpose Codes

For more guidance on Malaysia's purpose codes, please use the following link:

https://jpmorganaccess.com.my/pdf/BNMPurposeCodes.pdf

If you are a non-resident Remittance Service Provider or a non-resident financial institution (bank), you can facilitate 'Current Account Transactions' using their account with a JPMorgan branch, as well as payments between immediate family members. For immediate family transfers, the first line of your F70 or F72 should read as follows ACC/21210/Immediate family transfer.

OWN or OBO

Use OWN if you are making this payment for on behalf of your company. Use OBO if you are making this payment on behalf of another party

INSTITUTIONAL SECTOR CODE options can be found here. https://jpmorganaccess.com.my/pdf/BNMInstitutionalSector.pdf

BENEFRES + ORDERRES insert the two digit ISO country code representing the residency status of the ultimate beneficiary and ultimate remitter. Indicate the ultimate remitter and ultimate beneficiary in SWIFT fields F50 and F59.

Payment Formatting Rules for MYR

Ordering/Originating Customer: Include account number, full name (no initials), address and country of the ordering customer. Use of initials can delay receipt of funds.

Beneficiary: Include account, full name (no initials), address and country of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

In J.P. Morgan Access, the 'Beneficiary Name' field has a 35 character limit and longer beneficiary names can be continued in 'Address Line 1'.

Beneficiary Bank: Include sort code (if applicable), SWIFT BIC with branch identifier, full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxMYxx or xxxxMYxxxxx.

Reason for Payment:

For MYR cross border payments into Malaysia

Transactions of MYR3,000,000 and above require supporting documents from the remitter.

- Goods/Services: A valid invoice is an acceptable example.
- Other Purposes: Acceptable documentation includes contracts/statements of work (SOW), purchase orders, and shipping/receiving documents. Other documents that evidence the nature of the payment are also permitted.

Please ensure this mandatory information is included in the Additional Payment or Remittance Information (SWIFT MT103 F70) or Sender to Receiver Information (SWIFT MT103 F72):

Malaysia

Continued

Mexico

MXN - Mexican Peso

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, CLABE, and beneficiary bank address).

Country Requirements/Restrictions

Currency & Clearing Information: Mexico has high and low value electronic payment systems.

Account Restrictions: Residents can open and maintain foreign currency accounts domestically and abroad. However, only companies residing in Mexico or residents in the northern border areas (e.g., Baja California) are allowed to hold foreign exchange demand deposit accounts domestically.

Payment Formatting Rules for MXN

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include 18-digit CLABE, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Payments to individuals and corporations must quote the beneficiary account number in CLABE format. CLABE is the 18-digit standardized beneficiary bank account number (like IBAN).

Beneficiary Bank: Include the Beneficiary Bank's Nostro Account Number and SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

There are no specific bank clearing codes in Mexico for cross-border payments. SWIFT BIC is key to routing payments.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxMXxx or xxxxMXxxxxx.

Reason for Payment: Purpose of payment is recommended.

Mexico clearing systems only accept 40 alpha-numeric characters in the payment details field. If the text in this field exceeds this limitation, the information following the first 40 characters is truncated.

Mongolia

MNT - Mongolian Tugrik

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.mongolbank.mn/eng.

Country Requirements/Restrictions

Payment Restrictions: If necessary, banks may set limits up to 25% of the company or individual's equity capital on total cash FX purchases for each business day.

Payment Formatting Rules for MNT

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address, of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

MNT payments accept a 20-character IBAN in the following format:

1. ISO Country Code: MN
2. IBAN Check digits: 2 digits
3. Bank Code: 4 digits
4. Account Number: 12 digits (most domestic major banks have a 10 digit account number. Please add additional two zeros ("00") in the front of the account number to make it a total 12 digit number)

The IBAN requirement is mandatory.

MNT bank codes (please note this list should be treated as guideline only as it is subject to change. Applicable bank code can be verified by the beneficiary):

- 0032 XacBank
- 0005 Khan Bank
- 0015 Golomt Bank
- 0004 Trade and Development Bank
- 0021 Arig Bank
- 0029 National Investment Bank
- 0090 TranBank
- 0036 Development Bank of Mongolia
- 0034 State Bank
- 0030 Capitron Bank
- 0039 M Bank
- 0038 Bogd Bank

Mongolia

MNT - Mongolian Tugrik

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the exact location of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxMNxx or xxxxMNxxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

The Bank of Mongolia has the right to revoke FX payments for failure to provide timely reporting, accurate information, and timely payment settlements.

Monaco

EUR - Euro

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Country Requirements/Restrictions

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in Monaco.

Payment Formatting Rules for EUR

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Monaco must be included in the payment instructions.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxMZxx or xxxxMZxxxxx.

Reason for Payment: Purpose of payment is recommended. 9 digits NUIT (Taxpayer Single Identification Number) is mandatory. Any missing information may result in payment delays.

Myanmar

MMK – Myanmar Kyat, *currently suspended*

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to https://www.cbm.gov.mm.

Payment Formatting Rules for MMK

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials), street address and city of the beneficiary customer.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxMMxx or xxxxMMxxxxx.

Reason for Payment:

Purpose of payment is recommended. Any information that is vague/incomplete may need further clarification and result in payment delays. 4-digit ITRS code (purpose of payment code) is mandatory for all MMK payments. It should begin with the prefix ITRS followed by a space and then the 4-digit ITRS code. (e.g. ITRS XXXX).

Please contact your J.P. Morgan Service Representative for list of ITRS codes.

Currently Suspended for Payments

Additional Information

This is a zero decimal currency and therefore does not have cents.

Namibia

NAD – Namibian Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bon.com.na.

Payment Formatting Rules for NAD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (8-13 digit only account number required), full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxNAxx or xxxxNAxxxxx.

Reason for Payment:

Purpose of payment is recommended.

For tax payments to "The Receiver of Revenue" the remitter will need to provide their tax number (TIN) as per their tax certificate. The tax number must be provided in the payment instructions in field 70 along with the purpose of the tax description (e.g., income tax, VAT, Withholding Tax, Stamp Duty, etc.). The prefix 'TIN', 'Tax' or 'Tax ID' must be included before the tax number.

Additional Information

Local regulatory reporting applies to all foreign currency payments.

Nepal

NPR - Nepalese Rupee

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.nrb.org.np.

Country Requirements/Restrictions

Payment Restrictions: Restrictions exist for most capital transactions. Most payments and transfers are subject to prior approval by the government. Trade related payments are not supported (both imports and exports).

Account Restrictions: Residents may hold foreign currency accounts.

Per the directive by the Central Bank of Nepal - Nepal Rastra Bank, for all remittances received from abroad, in favor of NGO's, the beneficiaries are required to provide to their bank, supporting documentation that they are approved by the Social Welfare Council (SWC) for funds to be released, as per the Social Welfare Act, 2049 B.S. Our correspondent banks will request these documents from the beneficiary banks and release the payment on receipt. Please be mindful, SWC approval onshore is on a project basis, there may be instances where a specific NGO payment may have gone through in the past, but may require further approvals for the next project. Examples of supporting documents can be a notification letter to the SWC, or specific approval granted by the SWC, etc. Beneficiary bank will reach out to the beneficiary for these documents.

Payment Formatting Rules for NPR

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary. For payments related to social media content, software development (by individuals or corporations), or consultancy services (for individuals), a 9-digit Permanent Account Number (PAN) of the beneficiary must be included. The PAN must be clearly labeled with the prefix "PAN" (e.g., PAN XXXXXXXXX). Do not label the PAN as a "TAX ID," as mislabeling may trigger investigations and delay payment processing. Such payments will involve a 5% advance income tax deduction, settled by the local correspondent on behalf of the beneficiary with the tax authority.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the exact location of beneficiary bank location.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxNPxx or xxxxNPxxxxx.

Reason for Payment: Detailed purpose of payment description is required for all NPR payments. Descriptions such as "bill payment" may be considered insufficient and could trigger investigations or delays. Please ensure the purpose of payment is as specific and detailed as possible

Netherlands

EUR - Euro

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.dnb.nl.

Country Requirements/Restrictions

Account Restrictions: Residents and non-residents are permitted to open and maintain domestic and foreign currency accounts both locally and abroad.

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in the Netherlands.

New Zealand

NZD - New Zealand Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, NZ Clearing Code, and beneficiary bank address).

Central Bank: For additional information, please refer to www.rbnz.govt.nz.

Payment Formatting Rules for NZD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer.

For payments out of New Zealand, NZ Clearing Code must be included in the ordering details.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer.

NZD bank account numbers follow a 15 or 16-digit format: BB-bbbb-AAAAAAA-SSS, where:

- BB: is a 2-digit bank code.
- bbbb: is a 4-digit branch code.
- AAAAAAA: is a 7-digit account number.
- SSS: is a 2 or 3-digit suffix indicating the account type.

Avoid P.O. Box numbers and include city, state, country and postal code for the beneficiary customer's address.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxNZxx or xxxxNZxxxxx.

Reason for Payment: Purpose of payment is recommended.

Nicaragua

NIO - Nicaraguan Cordoba

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bcn.gob.ni.

No payments under 100.00 USD equivalent.

Payments to individuals under 300.00 USD equivalent can only be made if the beneficiary has an account at Banco Lafise.

Payment Formatting Rules for NIO

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

There are no specific beneficiary account number requirements in this country.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxNIxx or xxxxNIxxxxx.

Reason for Payment: Purpose of payment is recommended.

Niger

XOF - West African CFA Franc

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Country Requirements/Restrictions

Additional Documentation: Additional supporting documentation may be required from the beneficiary.

Payment Formatting Rules for XOF

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials), address, and telephone number of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

It is mandatory to format account numbers for beneficiaries with accounts in Niger according to the below specifications.

Account numbers should be in either of the below formats:

- 24 characters consisting of the 5-character bank code (including the 2-character country code) + 5-character branch code + 12-digit account number + 2-digit Clé RIB.
- 28-character IBAN consisting of 2 character country code + 2 digit IBAN check + 5 digit bank code + 19 digit account number.

Country Code	NE
Length	24!c

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxNExx or xxxxNExxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

This country is a member of the Central Bank of West African States.

XOF is a zero-decimal currency.

Nigeria

NGN – Nigerian Naira

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to https://www.cbn.gov.ng/.

Country Requirements/Restrictions

Payments related to investments from foreign investors require a Certificate of Capital Importation (CCI) and should be sent in USD only, as the beneficiary bank must perform the conversion onshore. Remitter must request the beneficiary to apply for the CCI from their local bank in Nigeria prior to initiating the USD payment. The beneficiary bank will issue the CCI once the funds are converted and credited to the beneficiary account. Failure to obtain a CCI may result in difficulties when repatriating interests, profits, dividends and original investment amount.

Effective immediately, payments to individuals from corporations, organizations, or individuals are permitted. Payments between corporations/organizations continue to be supported.

Payment Formatting Rules for NGN

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Include the beneficiary's 10-digit NUBAN account number.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

There are no specific bank clearing codes for this country for cross-border payments. SWIFT BIC is key to routing payments to the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxNGxx or xxxxNGxxxxx.

Reason for Payment: Purpose of payment is recommended.

Norway

NOK – Norwegian Krone

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.norges-bank.no.

Country Requirements/Restrictions

Currency & Clearing Information: Norway is adopting the payment practices of the European Union (EU), although the country has not adopted the Euro.

Account Requirements: Residents and non-residents are permitted to open and maintain domestic or foreign currency accounts either locally or abroad. However, residents can't convert their domestic currency into foreign currency.

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in Norway. SEPA standards do not apply to Norwegian krone payments.

Payment Formatting Rules for NOK

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Use of IBAN numbers is highly recommended. IBAN is required for all EUR payments subject to SEPA standards.

- c Upper and lowercase alphanumeric characters (A-Z, a-z, and 0-9)
- a Uppercase letter alphabetic characters (A-Z only)
- e Blank space
- n Maximum length nn! Fixed length

Oman

OMR - Omani Rial

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. IBAN, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.cbo-oman.org.

Payment Formatting Rules for OMR

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include IBAN account number, full name (no initials) and address (street address, city, country) of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers must be included in the OMR wire payment instructions.

Beneficiary Bank: Include IBAN account number with branch identifier (where required), full name, and address of the beneficiary bank.

Reason for Payment: 3 digit Purpose of payment code is mandatory. Contact your J.P. Morgan Service Representative for list of purpose codes.

Additional Information

The local market is closed on Fridays.

Pakistan

PKR - Pakistani Rupee

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.sbp.org.pk.

Country Requirements/Restrictions

Additional Documentation: Additional supporting documentation may be required from the beneficiary. The beneficiary needs to complete the Inward Remittance form (Form R) outlining the reason for payment.

The beneficiary's bank must forward Form R to our correspondent bank before the funds can be released.

It is recommended that the remitter notify the beneficiary about the payment in advance.

Please note that if the beneficiary is registered locally as an NGO, INGO or NPO, they may be required to provide the Memorandum of Understanding (MOU) signed with Government of Pakistan and one of the following documents to be submitted together with the Form R.

Registration with Economic Affair Division (EAD)

Registration with Ministry of Interior (MOI)

For funding accounts based outside of the United States, we are unable to support donation and charity payments to individual beneficiary accounts.

Payment Formatting Rules for PKR

Ordering/Originating Customer: Include account number, full name (no initials), full address including country code of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials) of the beneficiary customer.

Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Pakistan must be included in the payment instructions.

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bportugal.pt.

Country Requirements/Restrictions

Payment Restrictions: No restrictions on payment amount.

All transactions between residents and non-residents above EUR 12,500 must be reported to the Banco de Portugal.

Payments made to and from accounts held by residents abroad must be reported to the Banco de Portugal.

Account Restrictions: Residents and non-residents are permitted to open and maintain domestic or foreign currency accounts either locally or abroad.

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in Portugal.

Payment Formatting Rules for EUR

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials), and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Portugal must be included in the payment instructions.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

There are no specific bank clearing codes in this country for cross-border payments. SWIFT BIC is key to routing payments to the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxQAxx or xxxxQAxxxxx.

Reason for Payment: 5 letter Purpose of payment code and a description is mandatory.

Example: BNF/ORDERRES/QA//XXXXX DESCRIPTION/

Additional Information

The local market is closed on Fridays.

Republic of the Congo

XAF - Central African CFA Franc

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Country Requirements/Restrictions

Additional Documentation: Additional supporting documentation may be required from the beneficiary.

Payment Formatting Rules for XAF

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials), address, and telephone number of the beneficiary. Use of initials may delay receipt of funds by the beneficiary. Account numbers should be 23 digits. The RIB code consists of the 5 digit bank code + 5 digit branch code + 11 digit account number + 2 digit key.

Beneficiary Bank: Include SWIFT BIC with branch identifier, full name, and address of the beneficiary bank. SWIFT BIC is 8 or 11 alphanumeric characters: xxxxCGxx or xxxxCGxxxxx.

Reason for Payment: Payment description, Category of Purpose (with keyword /CATPURP/), and Purpose of Payment numeric codes (with keyword /PURP/) are now required.

If the final beneficiary is TREZROBU (Ministry of Public Finance), the NIF tax code is required.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxROxx or xxxxROxxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

Customer transfers will be executed in accordance with the banking practices of the receiving bank and within four days after receipt of the instructions.

Russia

RUB – Russian Ruble, *currently suspended*

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.cbr.ru.

Regulatory Requirements/Restrictions

Currency & Clearing Information: The Central Bank of Russia coordinates payments and settlements between 70+ regional centers. Payments are currently sent by batch multiple times daily.

All batch processed payments in the same region are typically settled by the Central Bank of Russia on a same day basis. Payments to different regions may take up to three business days.

All payments in Russian ruble exceeding RUB 100mm need to be routed via the real time gross settlement ("RTGS") clearing system called Banking Electronic Speed Payment System (BESP)

Payment Restrictions: There are no restrictions on the types of payments allowed.

The beneficiary may need to open a passport at the local beneficiary bank for a payment for goods and services or loan exceeding USD 5,000.

Account Restrictions: Residents and non-residents are permitted to open and maintain domestic and foreign currency accounts either locally or abroad. Residents must notify the tax authorities of any foreign-maintained accounts.

Additional Documentation: Cross-border payments are settled via correspondent bank accounts and often require supporting documentation. The Russian correspondent bank must receive all documentation before it releases the payment to the beneficiary bank.

Payment Formatting Rules for RUB

Payment instructions must include a wide array of country-specific information in addition to standard remittance information. Please be aware that your RUB payment may be cancelled if you fail to include this information in your payment instructions.

Ordering/Originating Customer: Include account number, full name (no initials) and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Russia

Continued

Beneficiary: Include the beneficiary's 20-digit account number, full name, address, and individual tax payer number (INN).

Line 1:	Account Number (20 digits)
Line 2-3:	Remitter Name
Line 4:	City, Country
Line 5:	INN Code

If there is only one beneficiary bank (Russian bank) and beneficiary, include the beneficiary customer's 20-digit account number in this field. If an intermediary is used, the 20-digit account number of the beneficiary bank should be included in SWIFT MT103 F57.

First name, family name, and patronymic name must be included. Use of initials can delay receipt of funds by the beneficiary. Companies must include full name as well as legal ownership (e.g. LLC, JSC).

INN is the taxpayer's identification code assigned by the Russian Tax authority. The length of this code varies based on the type of beneficiary. If the beneficiary is an individual, this field is optional and consists of 12 digits. If the beneficiary is a Russian legal entity, this field is mandatory and consists of 10 digits. If the beneficiary is a foreign legal entity, this field is mandatory and consists of 5 digits or 10 digits, depending on whether or not the foreign legal entity conducts business in Russia.

If the payment is a tax payment, then the reason code KPP should be included in SWIFT MT103 F59.

SWIFT MT103 F70 may be used for the telephone number.

Beneficiary Bank: Include the BIK, 20-digit account number, and SWIFT BIC of the beneficiary bank.

BIK, formerly known as MFO, is a nine-digit number that the Central Bank of Russia gives to all Russian banks. The last three digits are the same as the correspondent account of the bank with the Central Bank of Russia. The format for the nine-digit BIK and twenty-digit account number should read: /RUXXXXXXXXX XXXXXXXXXXXXXXXXXXXX.

If there is an intermediary bank in SWIFT MT103 F56A, make sure F57A includes the 20 digit account number of the beneficiary bank as well as the SWIFT BIC.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxRUxx or xxxxRUxxxxx.

Russia

Continued

Intermediary Bank: If an intermediary is being used, include the bank's SWIFT BIC in SWIFT MT103 F56A.

If the intermediary does not have a SWIFT BIC or if the BIC is not available to you, include the intermediary bank's BIK, name and 20-digit account number.

Reason for Payment: Purpose of payment must be clearly identified. The field must always start with VO and the numeric code of the transaction. The VO code is the operation code relating to the purpose of the payment. This should be followed by the key details/description of the payment (e.g. contract references).

The VO Code should always be quoted as per the following format: (VOXXXXX). There should be no spaces, dashes, dots, colons or other characters between the «VO» and digits. The VO Code may be placed in any line of field 72 of MT202's or field 70 of MT103's.

Include accurate and clear purpose of payment, date of invoice agreement, and NDS (VAT) amount, where applicable. If VAT is included, the amount is needed. If VAT is not to be paid, include "NO VAT."

Example: VO60070 FX trade dated 10/20/09 contract ref: AF12123.

The latest list of VO codes can be provided upon request.

Bank to Bank Charges: It is best practice to make RUB payments with charge indicator "OUR."

For Tax Payments:

The below fields need to be included if the payment is related to Tax

Status of Tax Payer: Include 3 digit Tax payer status code; possible options from 'S01' to 'S15'. If using Swift, include in field SWIFT MT103 Field 26T.

SWIFT MT103 Field 77B: field should be formatted as below

Line 1: /N10/2!a/N4/20n

Line 2: /N5/11n/N6/20c/N7/10x

Line 3: /N8/15x/N9/10x

N4, N5, N6, N7, N8, N9, N10 are special fields in RUR tax payment order. Data should be provided by the ordering customer/remitter.

Sierra Leone

SLE - Sierra Leonean Leone

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bsl.gov.sl.

Country Requirements/Restrictions

Payment Restrictions: Direct investment abroad by residents is prohibited. Foreign exchange and capital transactions have some restrictions and certain approval requirements.

Account Restrictions: Residents and non-residents may hold foreign exchange accounts, subject to some restrictions.

Payment Formatting Rules for SLE

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier, full name, and address of the exact location of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxSLxx or xxxxSLxxxxx.

The exact location of the branch must be provided to avoid payment delays.

Reason for Payment: Purpose of payment is recommended.

Additional Information

The transition from SLL to the new currency code is SLE is now complete. Trades submitted with currency code SLL will be rejected. Please use SLE as the currency code.

SLE is only available as a wire payment currency from United States-based accounts. SLE is currently not available as a payment currency from all other branches.

Ensure that the code used within the payment instructions is the same as the code used to book the transaction.

Singapore

SGD - Singapore Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.mas.gov.sg.

Country Requirements/Restrictions

Payment Restrictions: The Monetary Authority of Singapore (MAS) is liberalizing the banking sector and encouraging greater non-resident participation in the Singapore dollar capital market. Transactions can be freely remitted and received, and currency can be exchanged without prior approval or provision of additional documentation to the central bank.

No central bank reporting required for resident transactions.

Account Restrictions: Both residents and non-residents are allowed to open SGD and foreign currency accounts in Singapore.

Residents can maintain non-SGD accounts outside Singapore without restriction.

Non-residents are allowed to hold SGD outside of Singapore.

MEPS+ (Monetary Authority of Singapore Electronic Payment System Plus) is an electronic funds transfer system in Singapore that facilitates the real-time, gross settlement of Singapore Dollar (SGD) transactions. The maximum amount per payment via the local RTGS system (MEPS+) is SGD 1 billion.

Payment Formatting Rules for SGD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer.

Beneficiary: Include account number, full name (no initials) and address.

Beneficiary Bank: Include the SWIFT BIC and full name and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxSGxx or xxxxSGxxxxx.

Reason for Payment: Purpose of payment is recommended.

Slovakia

EUR – Euro

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Country Requirements/Restrictions

Currency & Clearing Information: Currently, domestic clearing is a non-SWIFT-based utility that is fully automated with real-time processing capabilities. Inherited from the former Czechoslovakia, the local clearing systems are based on the same principles and use similar methods for processing (the only differences are due to legal requirements for payments in both countries).

Payment Restrictions: All transactions between residents and non-residents above EUR 12,000 must be reported to the National Bank of Slovakia. Payments made to and from accounts held by residents abroad must also be reported.

Account Restrictions: Residents and non-residents are permitted to open and maintain domestic or foreign currency accounts either locally or abroad.

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in Slovakia.

Payment Formatting Rules for EUR

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials), and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Slovakia must be included in the payment instruction.

Solomon Islands

SBD – Solomon Islands Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.cbsi.com.sb.

Country Requirements/Restrictions

Payment Restrictions: Government approval is required for all transactions.

Payment Formatting Rules for SBD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxSBxx or xxxxSBxxxxx.

Reason for Payment: Purpose of payment is recommended.

South Africa

ZAR – South African Rand

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.resbank.co.za.

Country Requirements/Restrictions

Payment Restrictions: All foreign currency transactions between residents and non-residents must be reported to the South African Reserve Bank. Payments made to and from accounts held by residents abroad must also be reported.

Account Restrictions: Non-residents are permitted to open and maintain domestic or foreign currency accounts locally, with approval from the reserve bank for any foreign currency account.

Residents are not permitted to open ZAR accounts abroad.

Resident or foreign currency accounts cannot exceed ZAR 2,000,000 equivalent.

Payment Formatting Rules for ZAR

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

Sort code is optional; provide only if available. The sort code should always be preceded with "//ZA" followed by the 6-digit bank code. Example: //ZA123456.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxZAxx or xxxxZAxxxxx.

Reason for Payment: Purpose of payment is recommended.

For Tax payments, include unique 19 character Payment Reference Number (PRN). Example: /PRN/xxxxxxxxxxxxxxxxxxx.

South Korea

KRW – Korean Won

Overview

Information provided by the Beneficiary: Beneficiary should provide all required bank information when opening a local account (e.g. SWIFT BIC, Account Number, and beneficiary bank address).

Central Bank: For additional information, please refer to http://www.bok.or.kr/eng/main/main.do

Country Requirements/Restrictions

Payment Restrictions: The Foreign Exchange Transaction Act (FETA) regulates foreign exchange operations, payment and receipt of foreign exchange and certain capital movements. The regulations are promulgated and published by the Ministry of Economy and Finance (MOEF).

KRW is a restricted currency which cannot be held offshore and fund transfers in KRW are allowed only within the country.

Payment against trade goods and services in KRW must fall within the definition of "Commercial transactions" (i.e., import, export etc.) under the relevant Korean law. If you are not certain, please discuss with the servicing branch, otherwise your payment may be rejected.

"Non-Commercial Transaction" flow (Capital related) are supported on a case by case basis for this currency.

As to inter-company loans, operating funds to branch or expenses to liaison office, the Beneficiary of the payment must hold an account with JPMC Seoul, and its FX designated bank must be JPMC Seoul

Foreign direct investment, purchase of securities/shares, purchase or deposits for real estate, etc. are supported on a case by case basis for this currency.

Netting Payment: If there is any payment required after the netting of account receivable and account payable with the payment counterparty (beneficiary), please discuss with the servicing branch first.

Additional Documentation: For the amount exceeding USD100,000 equivalent, the beneficiary or the remitter will be required to provide the supporting documents which prove that such payments denominated in KRW is based on an underlying Business Transaction. Copies of invoices, agreements, etc., must be presented to the processing bank prior to the settlement of the transaction. These supporting documents may be shared with regulators.

When initiating KRW payments please ensure the beneficiary account is a KRW account, otherwise the payment will be rejected.

(Continued on next page)

South Korea
Continued

If the beneficiary account is a non-resident account in Korea then please inform your servicing branch before your payment executed, otherwise this payment will be rejected

If KRW payment amount is above KRW 1 billion, it will be credited in splits of max 1 billion to the beneficiary account.

Payment Formatting Rules for KRW

Ordering/Originating Customer: Include account number, full name (no initials) and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include an account number, full name (no initials), and address.

Beneficiary Bank: SWIFT BIC with a branch identifier, full name and address of the beneficiary bank. SWIFT BIC is 8 or 11 alphanumeric characters: xxxxKRxx or xxxxKRxxxxx.

Sender to Receiver Information: Mandatory Information is required as below:

Purpose of the payment: Must be clearly identified in the payment instruction. Purpose code must be provided in the format of '/ACC/PURPOSE/'(5 digits), i.e. 10101. Please refer to the payment purpose code list: https://www.jpmorgan.com/directdoc/list-of-payment-purpose-code-kr.pdf If you are not able to find the right purpose code from the list, please discuss with your branch service team to get the right code. For payments with purpose code 10103 or 10104, the beneficiary shall provide mandatory details including Incoterms, H.S. Code, and Customs Clearance Number, which must be submitted in a structured format within the payment instruction (e.g., ACC/PURPOSE/10103 /incoterm/FOB /HS Code/8471300100 /Import code/XXXXXXXXXXXXXX), noting that processing timelines may be extended.

Beneficiary Registration No: If the beneficiary is Corporate, please provide 10 digits of corporate's Business Registration Number in the format of '/OTHR/BRN/1108512345'.

If the beneficiary is an Individual, please provide 13 digits of "9" in the format of '/OTHR/BRN/9999999999999'. Please DO NOT provide an actual personal ID in the payment instruction in cases where the beneficiary is an individual.

Beneficiary Contact No: Please provide the Beneficiary Contact Number in the format of 'Contact: XXXXXXXXXXX'.

South Korea
Continued

Sample Payment Format

In case of the Beneficiary is corporate
/OTHR/BRN/1018212345 CONTACT: 02 758 5229
/ACC/PURPOSE/36006

In case of the Beneficiary is individual
/OTHR/BRN/9999999999999 CONTACT: 02 758 5229
/ACC/PURPOSE/36006

If your payment purpose code and your supporting documents are not matched, we may amend your payment purpose code in accordance with your supporting document.

Additional Information

KRW is a zero decimal currency; payments must be entered in whole currency amounts without decimal points to avoid rejection.

For KRW payments initiated from an offshore account, JPMC Seoul is unable to provide a Certificate of Foreign Exchange Purchased/Deposited.

Spain
EUR - Euro

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bde.es/bde/en.

Country Requirements/Restrictions

Payment Restrictions: Spanish resident clients must declare their economic transactions with foreign entities, or any financial assets or liabilities held abroad, through the ETE form (Formulario ETE) and submit this form directly to the Banco de Espana. Submission of this form is mandatory if, during the previous year, the total volume of transactions with foreign entities or the balances of assets and liabilities exceed the threshold of 1,000,000 euros.

Account Restrictions: Residents and non-residents are permitted to open and maintain domestic or foreign currency accounts either locally or abroad.

Residents must report to the Banco de España the opening or closing of accounts held abroad.

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in Spain.

Payment Formatting Rules for EUR

Ordering/Originating Customer: Include account number, full name (no initials) and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name (no initials), and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Spain must be included in the payment instruction.

Tahiti

XPF – Pacific Franc/Tahitian Franc

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Payment Formatting Rules for XPF

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address, and telephone number of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Account numbers must be formatted according to the below specifications.

Length	27!c
Format	FR76 + 23 digits

Beneficiary Bank: Include branch identifier (where required), full name, and address of the beneficiary bank.

Reason for Payment: Purpose of payment is recommended.

Additional Information

XPF is a zero-decimal currency.

XPF payments to Office Postes Et Telecom De Polynes, New Caledonia (CEFNNCN1) are no longer supported, due to the beneficiary bank's decision not to accept international payments. Payments sent to Office Postes Et Telecom De Polynes, New Caledonia will be returned.

Taiwan

TWD – New Taiwan Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.cbc.gov.tw.

Country Requirements/Restrictions

Payment Restrictions: Taiwan FX markets are regulated. TWD can only be converted in-country.

Non-resident entities must be approved by qualified foreign institutional investors (QFII) to access the onshore market without the special regulatory approval. Non-resident entities are not allowed to hold TWD.

USD (or other available foreign currencies) can be converted in-country for local delivery, but FX documentation and bank regulatory reporting is required.

For individual residents, restrictions exist for sales and purchase of foreign currency against TWD. Maximum cumulative sales or purchases per year is USD 10,000,000 equivalent in gross unless specifically authorized other direct capital investments where there is no limit.

For commercial and individual non-residents, limits are defined in the rules regarding foreign institutional investors or other legislation for foreign exchange against TWD movement in and out. For foreign exchange against TWD movements for non-securities investment purposes, TWD transactions are not allowed.

For commercial residents, there are no exchange limits for sales or purchases of foreign currency against TWD relating to trade products (import/export proceeds) or labor. For funds transfers and direct capital investments, the maximum cumulative sale or purchase of foreign currency per year for legal entity is USD 100,000,000 equivalent (except for specifically authorized direct capital investments, where there is no limit).

Payment Formatting Rules for TWD

Ordering/Originating Customer: Include account number, full name (no initials), and full address of the ordering customer.

Beneficiary: Include account number (do not include three digits bank code and four digits branch code), full name (no initials), and address of the beneficiary customer. PO Boxes are not allowed when providing address information.

Taiwan

Continued

Beneficiary Bank: Include local clearing code, SWIFT BIC with branch identifier, full name, and address of the beneficiary bank.

If the beneficiary holds their account with J.P. Morgan Taipei branch please ensure you quote CHASTWTX.

Reason for Payment: Required for TWD FX or foreign-currency payments from Taiwan accounts. Taiwan remitters are required to provide a reason for the payment, such as service expenses, salary, payment for goods, and etc.

Additional Information

Additional documentation may be required for beneficiaries in certain instances:

For TWD < 500,000

J.P. Morgan Taipei will obtain an Inward Remittance Advice Form, which is completed by beneficiary, from the beneficiary bank.

For TWD 500,000 to <USD 1,000,000

J.P. Morgan Taipei will obtain an Inward Remittance Advice Form and declaration form from the beneficiary bank before processing the payment.

For >USD 1,000,000

J.P. Morgan Taipei will obtain an Inward Remittance Advice Form, a declaration form and additional supporting documents from the beneficiary bank before processing the payment.

For tax payments, supporting document (i.e. tax bill) from offshore remitter is an acceptable alternative document.

To comply with Central Bank's verbal guidance, offshore remitters should split TWD FX payment when such payment is equal or exceeding USD20,000,000. The threshold is subject to CBC guidance per current market condition.

For Foreign Currency (non-TWD) cross border payments to Taiwan

The beneficiary will be contacted to advise on the nature of the transaction via telephone or mail. Offshore remitters are not required to provide a reason for the payment.

Tajikistan

TJS – Tajikistani Somoni

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g., SWIFT BIC, account number, and beneficiary bank address).

Country Requirements/Restrictions

Payment Restrictions: A purpose of payment (POP) is required for all transactions. Passport information is required for payments to individuals. For businesses and individuals, an INN (tax number) and MFO (Bank code) of 9 digits are required. A detailed purpose of payment description is mandatory.

Payment Formatting Rules for TJS

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials), and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxTJxx or xxxxTJxxxxx.

Reason for Payment: Purpose of payment is mandatory. Include passport information for individuals and INN and MFO for businesses and individuals.

Tanzania

TZS- Tanzanian Shilling

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bot-tz.org

Country Requirements/Restrictions

Additional Documentation: Additional supporting documentation may be required from the beneficiary.

Payment Formatting Rules for TZS

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

12 digit control number is required when transfers are in favor of a government institution, agency, authority, hospital, school and university whose account is with a commercial bank. The control number must also be included for all government payments including tax payments made to the central bank (Bank of Tanzania – TANZTZTX) and to the Tanzania Revenue Authority (TRA – TARATZTZ). As the control number is now required, the Tax Identification Number (TIN) for tax payments is no longer mandatory. The owner of the account (beneficiary) is responsible for obtaining the control number from their bank.

The control number must be formatted following the prefix ROC/ on line 1 of Field 70 of the MT103 in the format below. For tax payments lines 2 – 4 of Field 70 should not be populated. Field 72 can be used for any additional information to be provided for tax payments. For non-Tax payments Field 70 lines 2-4 can be used along with all lines of Field 72.

- Line 1 70: ROC/99**********
  (no other information must be included in this line)
- Line 2 70: please leave blank
- Line 3 70: please leave blank
- Line 4 70: please leave blank

Tanzania

Continued

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxTZxx or xxxxTZxxxxx.

A 11-character beneficiary bank SWIFT BIC code can only be processed if it is ending in XXX in Field 57. A 8-character beneficiary bank SWIFT BIC code format is recommended. If 11 character BIC is not formatted correctly as per guidance prior to submission to JPM, the last three digits of the BIC may be appended with XXX to process the payment successfully.

Reason for Payment: Purpose of payment is recommended.

Thailand

THB – Thai Baht

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to https://www.bot.or.th/en/our-roles/financial-markets/foreign-exchange-regulations/exchange-control-regulation.html#accordion-89d74b5d26-item-dd826da3ee.

Country Requirements/Restrictions

Regulation on Cross Border Transfer:

1. Inflow

Foreign currencies or baht can be transferred or brought into Thailand without limit.

Any person receiving foreign currencies from abroad in an amount equivalent to USD 1 million or above is required to repatriate such funds immediately within 360 days from the export date or the transaction date, and sell to an authorized bank or deposit them in a foreign currency account with an authorized bank within 360 days of receipt.

Foreign currencies received from abroad can be transferred for payments of permitted obligations to non-residents or netted with such obligations without being repatriated.

Noted that Permitted obligations do not include portfolio investment abroad or purposes which require prior approval from the Bank of Thailand, such as payments related to purchase and sale of foreign currencies against baht, or payments related to derivatives linked to exchange rates involving baht, or payments associated with digital assets.

2. Outflow

2.1 Payments for goods and services such as service fees, interest, dividends, profits, or royalties, or payments related to education, are allowed up to the amount of the obligations.

2.2 Direct Investment and Lending Abroad – A Thai company is allowed to invest in an overseas business entity whose shares are held by the Thai company by not less than 10%, invest in an overseas affiliated business entity or lend to an overseas business entity without limit.

Fund transfers for such investment or lending must be in foreign currencies, except for the case of investment or lending to a business entity in countries bordering Thailand or Vietnam for the purposes of trade or investment in Thailand or those countries which can be in baht.

Payments in Foreign Currencies among Residents:

Residents are allowed to make payments to other residents in foreign currencies only where the payments are in line with their normal course of business or necessary to be conducted in foreign

Thailand

Continued

currencies and have linkages to transactions abroad, such as payments of goods in a supply chain where the finished products will be exported.

Payments in foreign currencies among residents are not allowed for certain purposes requiring prior approval from the Bank of Thailand which are payments related to the purchase, sale, exchange, or lending of foreign currencies, and payments associated with digital assets. In addition, payment in foreign currencies among residents in the form of cash is not allowed.

Bank Deposits:

1. Foreign Currency Accounts of Residents

Residents are allowed to maintain foreign currency deposit accounts (FCD) with authorized banks in Thailand. Deposit and withdrawal of funds from such accounts are allowed under the following conditions:

1.1 Deposit – Residents are allowed to deposit foreign currencies as follows without limit.
   1) Foreign currencies received from abroad such as revenues, service fees, foreign investment;
   2) Foreign currencies purchased, exchanged, or borrowed from authorized banks;
   3) Foreign currencies received from other residents

1.2 Withdrawal
   1) For payments of obligations to persons abroad or to other residents in cases as described in above section – Payments in Foreign Currencies among Residents.
   2) For payments of obligations to authorized banks or non-bank FX licensees.
   3) For deposit into other FCDs of the same account holder or other residents.
   4) For conversion into baht

Withdrawals for exchange to other foreign currencies with commercial banks before proceeding with the above operations are also allowed.

2. Foreign Currency Accounts of Non-residents

Non-residents may maintain foreign currency accounts with authorized banks in Thailand without limit. The accounts can be freely deposited or withdrawn.

3. Non-resident Baht Accounts

Non-residents may open Thai Baht accounts with authorized banks in Thailand as follows:

3.1 Non-resident Baht Accounts for Securities (NRBS) – The account may be deposited or withdrawn for the purpose of investment in securities and other financial instruments in Thailand such as equity instruments, debt instruments, unit trusts, and derivatives transactions traded on the Thailand Futures Exchange.

Thailand

Continued

3.2 Non-resident Baht Accounts (NRBA) – The account may be deposited or withdrawn for general purposes (i.e. other than investment in securities) such as trade, services, foreign direct investment, investment in immovable assets, and loans.

Additional Documentation:

Supporting documentation may be requested.

Any person purchasing, selling, depositing or withdrawing foreign currency with an authorized bank in an amount of USD 200,000 or above is required to report such transactions to an authorized bank in the form prescribed by the Bank of Thailand except resident clients passing KYB – Know Your Business – process conducted by FX Bank. On presentation of supporting documents, all foreign exchange transactions must be processed by a commercial bank

Payment Formatting Rules for THB

Ordering/Originating Customer:

Include account number, full name (no initials) and full address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary:

Include account number, full name (no initials), full address and tax ID (if applicable) of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

When sending THB from non-resident to resident account through the local payment system, BAHTNET, the sending bank is required to indicate as per below in SWIFT MT103 F72;

1) Beneficiary is resident: This will need to include the beneficiary's 13 digits tax ID for all payments, regardless of the amount. Format: /REG/TH/<Purpose Code>/<Beneficiary Tax ID>; Example: /REG/TH/381452/9999999999999
2) Beneficiary is non-resident: This will need to include beneficiary's country domicile. Format: /REG/<Beneficiary Country Domicile>/<Purpose Code>; Example: /REG/SG/381455.

Beneficiary Bank:

Include SWIFT BIC with branch identifier, full name and address of the beneficiary bank. SWIFT BIC is key to routing payments to the beneficiary bank. The beneficiary bank or intermediary bank must be a member of BAHTNET network and its BIC included in the designated field(s) in the payment instruction to avoid payment delays. SWIFT BIC is 8 or 11 alphanumeric characters: xxxxTHxx or xxxxTHxxxxx.

(Continued on next page)

Thailand

Continued

Reason for Payment:
Purpose of payment code or description is required when sending a THB payment instruction. Additional documents may be required for loan repayment and interest payments.

ACH/GIRO: Transaction limit is THB 2 million per transaction.
7 digits bank code is required with first 3 digits as bank code and the rest 4 digits as bank's branch code.

Togo

XOF - West African CFA Franc

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Country Requirements/Restrictions

Additional Documentation: Additional supporting documentation may be required from the beneficiary.

Payment Formatting Rules for XOF

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials), address, and telephone number of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

It is mandatory to format account numbers for beneficiaries with accounts in Togo according to the below specifications.

Account numbers should be in either of the below formats:

- 24 characters consisting of the 5-character bank code (including the 2 character country code) + 5-character branch code + 12-digit account number + 2-digit Clé RIB
- 28-character IBAN consisting of 2 character country code + 2 digit IBAN check + 5 digit bank code + 19 digit account number.

Country Code	TG
Length	24!c

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxTGxx or xxxxTGxxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

This country is a member of the Central Bank of West African States.

XOF is a zero-decimal currency.

Tonga

TOP - Tongan Pa'anga

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.reservebank.to.

Country Requirements/Restrictions

Account Restrictions: Residents may not send or receive money out of Tonga without the consent of the Reserve Bank (Minister of Finance).

Payment Formatting Rules for TOP

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxTOxx or xxxxTOxxxxx.

Reason for Payment: Purpose of payment is required.

Trinidad and Tobago

TTD – Trinidad and Tobago Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.central-bank.org.tt.

Payment Formatting Rules for TTD

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and full address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

There are no specific beneficiary account number requirements in this country.

Beneficiary Bank: Must include SWIFT BIC with branch identifier, full name, and address of the beneficiary bank.

There are no specific bank clearing codes in this country for cross-border payments. SWIFT BIC is key to routing payments to the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxTTxx or xxxxTTxxxxx.

Reason for Payment: Purpose of payment is required.

12-digit account number required for payments going to accounts held at Scotiabank Trinidad and Tobago Ltd. (NOSCTTPSXXX). Format of account number: 5-digit transit code + 7-digit account number (Field 59).

Additional Information

Smaller banks may not have electronic capabilities, so intermediary banks will settle by issuing a draft that is couriered to the beneficiary.

Tunisia

TND – Tunisian Dinar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Country Requirements/Restrictions

Account Restrictions: Non-residents and residents can hold in-country accounts in foreign currency or convertible dinars.

Payment Formatting Rules for TND

Ordering/Originating Customer: Include account number, full name (no initials) and address of the ordering customer. Use of initials can delay receipt of funds.

Beneficiary: Include account number (IBAN), full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

IBAN numbers for beneficiaries with accounts in Tunisia must be included in the payment instructions. The IBAN must start with TN59 followed by 20 digits.

Additional Information

The Emirati dirham exchange is pegged to the U.S. dollar.

United Arab Emirates dirham (AED) clearing, payments and settlement services are available from Monday to Friday.

United Kingdom
GBP – British Pound Sterling

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, IBAN, and beneficiary bank address).

Central Bank: For additional information, please refer to www.bankofengland.co.uk.

Country Requirements/Restrictions

Account Restrictions: Residents and non-residents are permitted to open and maintain domestic or foreign currency accounts either locally or abroad.

SEPA: Strict formatting standards and SEPA guidelines exist in Europe regarding cross-border payments. IBAN and SWIFT BIC are required for all euro payments. SEPA standards apply for euro payments to beneficiaries with accounts in the United Kingdom. SEPA standards do not apply for British pound sterling payments.

Payment Formatting Rules for GBP

Ordering/Originating Customer: Include account number, full name (no initials) and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number (IBAN), full name and address of the beneficiary customer. Use of initials can delay receipt of funds by the beneficiary.

IBAN usage for beneficiaries in the United Kingdom is recommended. IBAN numbers for beneficiaries with U.K. accounts are issued by the account opening bank.

Account # Ex	12-34-56 78912345
Country Code	GB
Structure	GB2!n4!a6!n8!n
Length	22!c
Electronic Format Ex.	GB29ABCD12345678912345
Print Format Ex.	GB29 ABCD 1234 5678 9123 45

Beneficiary Bank: Include sort code (For London accounts only), SWIFT BIC, full name and address of the beneficiary bank.

Beneficiary bank branches are identified through a unique 6-digit sort code; this is required to ensure payment delivery. The sort code should always be preceded with "//SC" followed by the 6-digit bank code. Example: //SC123456.

SWIFT BIC, including branch identifier, where required, must be included in the payment instructions. If SWIFT BIC is not available, include the beneficiary bank full name and address in the payment instructions.

Additional Information

- Most transactions are processed same day.

United States

USD – United States Dollar

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Country Requirements/Restrictions

Currency & Clearing Information: The Federal Reserve Bank and the Clearing House Interbank Payment System (CHIPS) facilitates domestic clearing.

The U.S. has high- and low-value payment systems.

The Federal Reserve bank assigns each member a unique nine-digit ABA number to operate in the national clearing system.

The Clearing House assigns each member a unique participant code.

Account Restrictions: Know your customer (KYC) requirements by financial institutions have become more stringent for opening accounts. Non-residents can hold in-country accounts.

Payment Formatting Rules for USD

Ordering/Originating Customer: Include account number, full name (no initials) and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name, and address of the beneficiary customer. Use of initials can delay receipt of funds by the beneficiary.

As best practice, beneficiary full name and account number must be included.

Beneficiary Bank: Include ABA routing number or CHIPS participant code (if available), SWIFT BIC, full name and address of the beneficiary bank.

If available, provide the ABA routing number or CHIPS participant code for the beneficiary bank.

Include the SWIFT BIC to direct payments to the United States. The receiving bank will then enter the payment into the domestic Federal Reserve (FED) clearing system. SWIFT BIC is 8 or 11 alphanumeric characters: xxxxUSxx or xxxxUSxxxxx.

As best practice include beneficiary bank name and address.

Additional Information

The Fed or CHIPS reference number is used to confirm the receipt of funds.

Most domestic urgent transactions are electronic and processed the same day.

Uruguay

UYU – Uruguayan Peso

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g., SWIFT BIC, account number, and beneficiary bank address).

Country Requirements/Restrictions

Payment Restrictions: Identification number or "RUT" is required (refer to 'Reason for Payment' below).

Payment Formatting Rules for UYU

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include 20-digit account number, full name (no initials), and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC (where required), full name, and address of the beneficiary bank..

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxUYxx or xxxxUYxxxxx.

Reason for Payment: For individuals, a 6-8 digit identification number ("Número de Documento de Identidad") is required. For companies/organizations, a 12-digit "RUT" is required.

Uzbekistan

UZS – Uzbekistani Som

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Country Requirements/Restrictions

Payment Restrictions: A purpose of payment (POP) is required for all transactions. Branch code and Tax Identification Number are mandatory. A 20-digit account number is required.

Payment Formatting Rules for UZS

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include 20-digit account number, full name (no initials), and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxUZxx or xxxxUZxxxxx.

Reason for Payment: Purpose of payment is mandatory. Include branch code and Tax Identification Number.

Vanuatu

VUV – Vanuatu Vatu

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.rbv.gov.vu.

Payment Formatting Rules for UZS

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and address of the beneficiary customer. Use of initials may delay receipt of funds by the beneficiary.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxVUxx or xxxxVUxxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

VUV is a zero-decimal currency.

Vietnam

VND – Vietnamese Dong

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC or local bank code, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to www.sbv.gov.vn.

Country Requirements/Restrictions

Payment Restrictions: FX Control Regulations, issued by the State Bank of Vietnam, are amended from time to time according to monetary control policies of the State.

VND is unable to be traded offshore due to its un-convertibility.

Purchase of VND is not restricted, as such overseas remittance in foreign currencies can be converted easily for local payments.

Purchase of foreign currency, for both domestic and overseas payments from Vietnam, is permitted subject to allowable purposes and required supporting documentations are submitted.

Domestic payment in foreign currency is restricted: Refer to Circular 32/2013 and Circular 16/2015 for eligible payments.

VND against USD rate is calculated based on USD/VND central exchange rate and trading band. The central exchange rate of VND against USD shall be fixed by reference to the weighted average exchange rate in the inter-bank foreign currency market, the exchange rate movements in the international market of currencies of some countries that have trading, borrowing, debt payment, significant investment relationships with Vietnam, macro-economic and monetary balances and goals of monetary policies.

USD is accepted for local payments, subject to certain requirements and supporting documents. USD payments into Vietnam for onward credit in VND will be converted by the remitting bank.

Payments cannot be made to Foreign Indirect Investment Accounts (FIIAs).

Payment Formatting Rules for VND

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer.

Beneficiary: Include account number, full name (no initials), and address of the beneficiary customer.

Beneficiary Bank: Include SWIFT BIC with branch identifier, full name, and address of the beneficiary bank.

If payment is being sent locally in VND, a local clearing bank code should be used instead of a SWIFT BIC. Local clearing bank codes must be 8 alphanumeric characters, with the 1st and 2nd representing the bank location.

Vietnam

Continued

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxVNxx or xxxxVNxxxxx.

Reason for Payment: Purpose of payment must be clearly stated for each transaction in free format to prevent delays and/or rejection (goods, services, capital, loan, etc.).

Additional Information

VND is a zero decimal currency; payments must be entered as whole.

Contact your J.P. Morgan representative for tax payment formatting requirements.

Depending on the beneficiary bank, value date for local clearing payments is within one business day.

Payments cannot be made to Foreign Indirect Investment Accounts.

For foreign currency payment (non-VND) cross border payments sent to Vietnam, receipts of any amount are subject to explanation on the nature/purpose of payment. The beneficiary may be required to provide supporting documentation by the correspondent or beneficiary bank.

Zambia

ZMW- Zambian Kwacha

Overview

Information provided by the Beneficiary: Remitter should obtain all required bank information from the Beneficiary (e.g. SWIFT BIC, account number, and beneficiary bank address).

Central Bank: For additional information, please refer to: www.boz.zm.

Country Requirements/Restrictions

Account Restrictions: Non-residents can hold local currency accounts.

Payment Formatting Rules for ZMW

Ordering/Originating Customer: Include account number, full name (no initials), and address of the ordering customer. Use of initials can delay receipt of funds by the beneficiary.

Beneficiary: Include account number, full name (no initials) and full address (recommended). Use of initials may delay receipt of funds by the beneficiary.

There are no specific beneficiary account number requirements in this country.

Beneficiary Bank: Include SWIFT BIC with branch identifier (where required), full name, and address of the beneficiary bank.

There are no specific bank clearing codes for this country for cross-border payments. SWIFT BIC is key to routing payments to the beneficiary bank.

For payments to Barclays Bank Zambia, a 6-digit branch code must be provided. Sample format: XX YY ZZ (XX represents bank code; YY represents area code; ZZ represents bank branch code).

SWIFT BIC is 8 or 11 alphanumeric characters: xxxxZMxx or xxxxZMxxxxx.

Reason for Payment: Purpose of payment is recommended.

Additional Information

Most banks are also open the first and last Saturdays of the month for domestic services.

Value dates are generally within 48 hours of the spot deal date.

Mapping of FX Wire Payment Initiation Formats

Use this table in conjunction with your JPM Host-to-Host format-specific Client Guide to assist in providing the enclosed SWIFT-based country/currency requirements.

Eligible Characters in Payment Message Content

Please note certain currency corridors may support only a limited set of characters. To ensure STP, please follow the below allowable character set. Instructions containing any other characters may be rejected.

This restriction does not apply to specialized fields, such as Beneficiary Contact Details (e.g., Email Address), where additional characters may be converted (e.g., @ to (at), _ to (-)).

Allowed Characters:

- a b c d e f g h i j k l m n o p q r s t u v w x y z
- A B C D E F G H I J K L M N O P Q R S T U V W X Y Z
- 0 1 2 3 4 5 6 7 8 9
- / - ? : ( ) . , + ‘ (*apostrophe*)
- Space

Note:

The characters @ and _ will be rejected if used outside of Email Address fields.

Version Control:

Country	Currency	Date	Revisions
