

International Student COVID-19 Testing Attestation

The first priority of Fleming College is the safety of our students and staff. We are working closely with local, provincial, and federal health authorities to ensure that we are following all regulations and recommendations to slow the spread of COVID-19 in Canada.

As part of the provincial government regulations to study in Canada, you are required to be tested for COVID-19 during your quarantine period.

Please confirm that you understand and agree with the following.

I will be tested for COVID-19 on day 14 of my arrival in Ontario. While waiting for my COVID test results, I will remain in quarantine. If I test positive, I will be required to adhere to the direction of public health.

If I am quarantining in Peterborough, Lindsay, or Haliburton, the International department will make the transportation arrangements to the assessment centre. I will contact international@flemingcollege.ca to book myCOVID test and to arrange my transportation to and from the assessment centre.

If I am quarantining in Toronto or another city in Ontario, I will be responsible for coordinating my own testing arrangements, including travel to and from the assessment centre. I will refer to the following link to find a COVID assessment centre near my quarantine location. For assistance finding an assessment centre or arranging transportation, I will contact international@flemingcollege.ca.

I will email my test results to Covid.result@flemingcollege.ca.

I understand that COVID testing is included as part of my Morcare Health Insurance provided by Fleming College and is at no additional cost.
